

Dial Telephones Soon To Appear in Antioch; Service to Come Later

Illinois Bell Beginning Its \$900,000 Improvement Program Here

Telephones equipped with dials will soon begin to appear in Antioch whenever orders for new service or service changes are being filled, Illinois Bell Telephone manager R. N. Hawkins announced today. Hawkins said this is another step forward to dial service for Antioch. Present plans, he indicated, call for dial service to be in operation here in about three years.

"Beginning to install dial phones now on a gradual basis will mean that we have fewer to change when the dial conversion program begins," he explained.

Illinois Bell purchased property on Lake St. and Hillside Ave. late in 1956. The house on the property was wrecked in April of this year and the property is now idle. The property measures 228 feet on Lake St. and 238 feet on Hillside Ave.

"We are planning a new building for this site," Hawkins said, "that will be an attractive asset to Antioch."

Hawkins said the overall telephone growth and modernization program for Antioch contemplates these major steps:

Construction of the modern dial

Elmer's, Lindenhurst Win First Two Games In Soft Ball League

The season opened for the 16-inch softball league Tuesday evening with Elmer's Standard Service winning a free-scoring game over the Lake Villa VFW, 12 to 10. Games were played at the high school diamond.

E.S.S. was paced by the hitting of Bob Odden, K. Wilson and J. Larsen, with R. Carlucci getting the pitching victory. Lake Villa was in the game until the last inning, paced by the hitting of Jack Mahoney, Schneider and Wagner.

Lindenhurst slugged out a 19 to 8 victory over Lakes Tile. Outstanding batters were Farrell, Fidanzo, Marshall and Scharten. For Lakes Tile, shortstop Grenell got four hits in four times at bat.

The summaries:
Elmer's S. S.—12 runs, 9 hits, 4 errors.
Lake Villa V.F.W.—9 runs, 13 hits, 7 errors.
Lindenhurst—19 runs, 23 hits, 4 errors.
Lakes Tile Co.—8 runs, 14 hits, 6 errors.

Board Gives Township Village Lot in Exchange For Services and Fill

An agreement was reached Tuesday evening between the Village Board and the Town Board by which the village will give the township lot 3 in Sequoit Acres in exchange for grading and dirt fill for a road-way.

Lot three near Bartlett ave. is high and the excess from the lot will be moved over to the adjoining lot six to make it usable by the village.

Supervisor Lloyd Murrie, Road Commissioner James Runyard and their attorney, Ted Larson, appeared before the board and proposed the exchange of labor and materials for the lot which the township would use as a site for its garage to house road equipment.

The exchange was considered fair by the board and the contract of sale will be drawn out and no money exchanged.

Supervisor Murrie appeared before the board just in time to hear a message from the Antioch Fire Department asking that the township be denied the use of the fire station as a polling place.

The request brought mixed reaction, and the matter was referred back to the firemen with the question, why?

"They may have good reasons, but we must have the reasons before we can act," said Mayor Cunningham.

Lions at Wesley Hall

The Lions Club will be entertained by Boy Scout Troop 92 which it sponsors at the dinner meeting at 7:15 p. m. Monday in Wesley Hall of the Antioch Methodist church. The scouts will be guests at the dinner along with their scoutmaster James Horton. Richard Harland is the institutional representative. The dinner will be served by the W.S.C.S.

Rescue Squad Rushes Three to V.M. Hospital

Mrs. Robert Runyard, 79, of 303 Park ave., was taken to Victory Memorial hospital in Waukegan Tuesday afternoon after she suffered a stroke which paralyzed her left side.

On the day before the rescue squad took Leonard Case, proprietor of a service station at Channel Lake, and Clarence Cunningham, father of Mayor Murrill Cunningham to the same hospital after they became quite ill.

Swimming Lessons To Start on Monday

Registration for classes in swimming were heavy this week, although there are still a few openings in all classes, according to Pool Manager Kenneth Smouse.

Tomorrow (Friday) will be the last day for registration and classes will start on Monday, running through to July 11.

The Aqua Center was a popular place during open house last Friday, but rain during the late afternoon marred the event somewhat. Cold weather and rain since then has reduced the crowds, but by next week the regular summer weather is expected to prevail.

Adults interested in the swimming classes at 10 a. m. Friday mornings are reminded that baby-sitters are provided.

Students in the local schools were asked to fill out a survey card last month, as to whether they planned to take lessons, purchase a season pass, etc. This was not a registration, as some have mistakenly thought, and they must still register with an application.

An application may be cut out of The Antioch News or can be procured from members of the Lions

(Continued on page eight)

Elizabeth M. Cook Salem, Wis., Dies, Funeral on Friday

Mrs. Elizabeth M. Cook, 67, of Salem, Wis., died at 3 p. m. Tuesday in an ambulance on the way to the Burlington Memorial hospital. Death was unexpected.

Born Elizabeth Koehn, on Jan. 12, 1891 in Pomerania, Germany, she came to America in 1893, settling and residing in Salem since that time.

On April 7, 1920, she married Henry Cook at Peace Evangelical Lutheran Church in Wilmet, Wis. Mrs. Cook was a member of Zion Evangelical Lutheran church at Bristol.

Survivors are her husband, Henry Cook; one son, Henry W., one daughter, Mrs. Warren Kolloch, one brother, Louis Koehn and six grandchildren, all of Salem.

One sister, Mrs. Frieda Parreant, preceded her in death on Jan. 12, 1958.

Services will be held at Strang's Funeral Home, Antioch, at 1:30 p. m. Friday with the Rev. Reinhard Bittorf, of the Zion Evangelical Lutheran church, officiating. Burial will be in Salem Mound cemetery.

Friends may call after 1:30 p. m. today.

"Let's Recognize Memorial Day, Not Recall It," CWO Don Francisco Tells Memorial Day Crowd

"Let us recognize Memorial Day for what it stands and not as a day one does not go to work or school; let us recognize the day, not recall it," CWO Don E. Francisco, Jr., 1037 Victoria st., told the Memorial Day crowd at the Village Park last Friday.

Francisco, who with his family, will leave on July 24 for Weisbaden, Germany, where they will be stationed four years, said that he will retire afterward and return to Antioch which is his home and where four generations of his family have lived.

"We have an active interest in Antioch and its surroundings, its past and its future," he declared.

"Antioch has good schools, a fine governing body, excellent churches and church representatives, and loyal business men," he continued.

"Antioch is lacking in one major item and that is a hospital, and I am sure that with this fine leadership we will have our hospital in the near future."

Tells of Bong Air Base

Francisco reminded his listeners of the fact that the Air Force with which he is connected will have the Richard I. Bong air base completed in 1960. It will be only 12 miles from Antioch to the main gate of this 5,400 acre air field, which will have one runway of 11,500 feet in length and 2000 feet in width.

There will be from 2,000 to 5,000 personnel with an annual payroll

Raymond L. Webb, 68, Well Known Antioch Resident Dies Today

Raymond L. Webb, 68, of 1064 S. Main st., Antioch, died at 5:45 a. m. today (Thursday) at the home of Donald Gibbs, 688 N. Main st. Ray had been an invalid for a number of years, and had been in the care of Mr. and Mrs. Gibbs since the death of his sister, Elizabeth, eight months ago today.

He was born August 1, 1889 in the western part of Lake county. From 1909 to 1947, Ray and his sister, Elizabeth, owned and operated a store in Antioch known as Webb's Racket Store, which was started by their parents, George and Medora Webb. His grandfather, Ira Webb, took up a farm from the government on what is now Hwy. 173, which was then known as Webb road.

Ray was a member of the American Legion Post No. 748, and Past Master and member of Sequoit Masonic Lodge, No. 827, A. F. & A. M. He is survived only by several cousins.

Funeral services are tentatively set for Saturday.

Bluebird Bus Line May Replace Present American Bus Line

The Bluebird Coach Line may replace the American Coach Co. in supplying Antioch its summer commuting service to and from Chicago.

Members of the Village Board of Trustees received a notice from the Bluebird Coach Line that it is prepared to go before the Illinois Commerce Commission with the request to provide June to November service from Antioch to Chicago.

The trustees said that they had heard the American line is having financial difficulty and may give up its franchise.

The trustees gave orders that regardless of which company provides the service, its buses must park on Broadway and not in front of the Reeves Drug store where tickets are sold.

The route of the Bluebird line would be over 59 to Rte. 132, then through Lake Villa to Rte. 45, and then south through Mundelein, and Half Day.

Harmony Prevails in Lake Villa Police Dept.

Harmony was said to prevail in the ranks of the Lake Villa police force again.

Russell Wilson, who resigned as captain, will remain on the force, but will not give as much time to the work as he formerly did because of conflicting business. Chairman Elmer Sheehan of the police committee of the Village Board said following a meeting of the committee Tuesday evening.

Paul Bacok will serve as acting captain and Joseph Torri will continue as chief. There are six members on the staff.

GRADUATION HERO

Mayor Tosses Ball in Little League Opener, Tigers, Dodgers Win

Mayor Murrill Cunningham tossed out the first ball to officially open up the 1958 Little League season, last Monday night.

Cold weather didn't stop a good crowd from attending the opening game.

Tiger pitchers held the Yanks to only two hits and easily won by a 15 to 1 score.

The Tigers' manager Jack Fields, and the Yanks' manager, Marv Lefco felt that a little warmer weather and some more practice will make the competition a little keener.

On Tuesday night the Dodgers, coached by Ronnie Polson, defeated the Cubs, coached by Lee Ipsen. The final score was Dodgers 6, Cubs 4.

This week Antioch joins in saluting Little League on the occasion of National Foundation Day, being celebrated by more than 4,000 leagues in 22 countries.

You can help by attending games to be played on Friday, June 13. All proceeds will be given toward the National Foundation to help it become self supporting.

This coming week's schedule will be:
Tuesday, June 10—Yanks vs. Sox
Thursday, June 12—Giants vs. Dodgers
Friday, June 13—Sox vs. Tigers.

Board Debates Request For Housing Variation

There was heated discussion when a request came before the Village Board Tuesday evening from Donald Andersen asking permission to reconstruct a building near his (Mount) hatchery building on North Main street for use as a three-room apartment for an aunt, Mrs. Ida Fidler.

"You can grant this request if you want to, but I shall insist that the building be free from any fire hazard," said Trustee Bernard Osmond.

Termed as a hardship case, the trustees were sympathetic, but were fearful that the whole hatchery building might some day become a series of apartments with a fire hazard such as was evidenced in the Arthur-converted garage building fire.

Mayor Murrill Cunningham said the trustees are reaping the results of their failure to establish zoning and a zoning board.

The matter was left to the building commissioner for further investigation.

The trustees seemed favorable to the request of another citizen to establish his driveway to his garage closer to the lot line than regulation.

Seek Lot Rezoning

The Lake County Zoning Board of Appeals has scheduled hearings for Tuesday afternoon, June 24 in the village hall of Antioch on two petitions, both for re-zoning of lots from residential to B-1 business.

At 1:30 p. m. it will hear the request of Peter and Alice Waldweier to rezone lots 3 and 4 in Rother's Subdivision, and at 2 p. m. the petition to rezone lot 10, block 2 Smith's Second Subdivision by Theodore A. and Lilian Schmitz.

Appropriate for Youth Fund

The Salem Town Board has appropriated a fund to be distributed among active youth groups. To be eligible for the money a group must have an application filled and returned by June 15. Application blanks are available at the Town Tap and Grill in Salem, Wis.

Plenty of Water, But How to Get it to Local Users is Big Question

Trustees See Need of Water, Treatment Plant Improvements

Water, water everywhere, but any drop to drink, from the Ancient Mariner, may describe the situation in Antioch soon unless the village water system is improved.

This was the warning of Chairman Ernest H. Glenn of the water committee to the Board Tuesday evening as he termed the situation "critical."

Antioch has a bountiful supply of water. It is doing a poor job of delivering it to its customers who are using the water at the rate of 460,000 gallons a day during dry weather.

"That means that our storage tank is emptied four times daily," Glenn said. The trustees were astounded. Last week water users in Oakwood Knolls subdivision in Wisconsin got but a trickle of water.

The reason, Chairman Glenn said, is that we are pumping the water through a 6-inch main to North avenue, where it empties into an 8-inch main. That reduces the pressure.

He made two recommendations for quick action which he said should be done. One is that a new main be laid from the Sequoit Acres well north to North avenue, thereby forming a loop with the present line, the other is to erect a tank on a tower at Oakwood Knolls.

Glenn said that should the two pumps fail, the village would be without a water supply for any great length of time because of the meager storage.

At the same time Glenn read a report from Charles Mapleshorpe, superintendent of the sewage disposal plant, saying that the maximum of the sewage disposal plant has been reached, and that the siphon in the digester system which was installed in 1917 is leaking and needs replacement. Services of a

(Continued on page eight)

Chamber of Commerce To Oppose Soo Line R. R. Train Elimination

The Chamber of Commerce at its meeting Monday, decided to not only oppose the efforts of the Soo Line to abandon passenger train service to Antioch, but to ask for additional commuter service.

President Bernard Osmond, having the knowledge that the Village Board would get a proposal from the railroad to lop off one train each way a day and make no stops in Antioch or elsewhere in Lake county with the remaining trains, called upon the village officials and the Lions Club to join in the fight if the railroad takes its request before the Illinois Commerce Commission.

"We can't do anything until the commission gets the request," he said, "but we can be ready."

President Osmond believes that with the growth of the area through Chicago commuters, additional commuting service will be necessary.

The Chamber ordered a letter written to the Antioch Village Board commending it for its work in establishing a fine parking lot on Broadway.

"It has maintained and brought much business to Antioch," Osmond asserted.

The retail committee comprising Marion Pechousek and Russell Barnstable announced that plans are being made for Gipsy Days, a special sale in August.

Bids Open on Lights For Parking Grounds

There were four bids on the lighting of the new village parking on Broadway. They were:

Carey Electric Co., \$675; Antioch Electric Service, \$639.50, \$816.50 and \$649.50, depending on underground wiring; Keisler Electric Co., \$797, and \$957; Wilton Electric Co., \$552, and \$746.

Selection of the bidder and awarding of the contract was left to the street committee headed by Trustee John Blackman.

The village board instructed Trustee Herman Holbek to advertise for a new squad car or the rental of one whichever will prove least expensive.

The Board voted to issue a club liquor license to the Veterans of Foreign Wars.

Trustee E. H. Glenn will substitute for Trustee Edmund Vos as head of the Buildings and Grounds Committee while Vos is on vacation in Europe with his family.

Geovil Nereim of Libertyville, vice president of the North Shore Area Council is heading a movement for the formation of Explorer Scout organizations in the Antioch and Lake Villa regions. These groups of older high school age young men study subjects in the field of their vocation.

Economic Salvation Depends on People

Are the people of the United States smart enough
to learn by experience?

Samuel Lubell, an analyst of the state of mind in
the United States, says that "the public's strongest
single desire is for a halt in the upward spiral of
prices, wages, and profits"—that people are strongly
opposed to another nation-wide round of wage boosts
because they would mean price boosts.

In a statement before the Senate Finance Com-
mittee, Bernard M. Baruch said: "We are now suffer-
ing a hangover after a long inflationary binge. As is
always the case with hangovers, we have only our-
selves to blame. More of the 'hair of the dog' is no
remedy. It only increases suffering and delays re-
covery."

"If industry and labor continue to push up wage,
price and profit levels, they will price themselves
out of the market. Consumer resistance will grow,
further depressing economic activity and adding to un-
employment."

"Nothing would be more effective in turning the
tide than to halt the never-ending spiral of wages and
prices. The best stimulant to our economy would
come from price reductions. The consumer, who has
no lobby or bargaining agent, is belatedly rebelling
against having every wage and cost increase passed on
to him."

"In the last analysis, we face a test of character
and common sense. . . . Nothing is more dangerous
than this notion that economic salvation lies through
Government intercession. . . . Let us not turn always
to the Government for succor, but remember rather
that a free government depends always upon the
people for sustenance."

Much From Little

A famous old adage tells us that we can't get
something for nothing.

That's certainly true, as a principle and a philo-
sophy. But, on occasion, much can come from little—
as an article by Gene Smith in the New York Times
makes clear.

It concerns the production of electricity from
"boiled-out" coal. Here's the story in brief. Coal is
the source, through chemistry, of valuable materials
which wind up as synthetic rubber, plastics, paint,
floor coverings, and so on. Some \$2 worth of such
chemicals can be extracted from a dollar's worth of
coal, which is good business by any standard.

After the chemists are finished with the coal there
is a residue known as char—a hard slag-like low-grade
fuel. Now boilers have been developed which makes
possible the use of char as power producer. "This
means," according to Mr. Smith, "that certain grades
of coal, formerly too costly for power generation alone,
may now be used in steam generating stations." It
also means that coal's position in relation to competi-
tive energy sources may be materially improved.

This is just one more proof of the fact that coal
remains a basic and essential fuel.

Health Care of the Aged

In this age of ever-increasing longevity, the health
care of the aged has become a highly important and
much-debated problem. That problem is now being

attacked by a joint council made up of the American
Dental Association, the American Hospital Association,
the American Medical Association and the American
Nursing Home Association.

The council has three primary objectives—to iden-
tify and analyze the health needs of the aged; and to
appraise available health resources for the aged; and to
develop programs to foster the best health care for the
aged regardless of their economic status. One of the
first jobs to be undertaken will be to determine exact-
ly what are the health problems of older people. Stud-
ies in this field have been under way for several
years, but now research will be intensified and the
work of the various health organizations involved will
be coordinated.

The council also will work closely with health in-
surance dollars go farther. It is believed, in addition,
that much can be done for older people by the states
and communities, and the council will endeavor to
stimulate the activities at these levels of government.

Average life expectancy now is almost 10 years
longer than it was as recently as 1935. The joint coun-
cil's goal is to make the closing years of the lives of
all as happy and as comfortable as possible.

TEENAGE WISDOM

America's teen-agers seem to break into the news
only with hair-raising stories of juvenile delinquency.
But not long ago 53 teenagers from all parts of the
country, representing 34 national organizations, met
to advise their elders on questions of public health.

This wasn't brashness on their part. The National
Foundation for Infantile Paralysis had summoned
them to find out why teenagers—one of the most polio-
susceptible groups—had put off getting their Salk
vaccinations. Nearly half the U. S. population under
20 either has no vaccination at all or has not com-
pleted the full series of shots. Why?

Note the reasons given by the teenagers them-
selves—and note, too, that none of these reasons is
valid: Polio is way down, so why bother? Sheer laziness
or indifference. Fear of the needle. Thought it was
an infant's disease and "couldn't happen to me." Didn't
know that "somebody's else's vaccination doesn't
protect you."

As for ways to bring vaccination to teenagers,
here are some nuggets of sound teenage wisdom—
proof that hot rods, rock 'n' roll and TV are not all they
think about: "Scare the pants off of them." Make vac-
cination a fad like wearing white buckskin shoes or
Yul Brynner haircuts. Direct information especially
to teenagers, since they consider themselves a special
group, neither children nor adults. Persuade parents
of the necessity for vaccination, since teenagers are
swayed by the actions of their parents.

If you have teenage children, set them a good ex-
ample by getting your own Salk shots. Then see that
they get theirs. This year, for the first time, there is
vaccine enough for everybody, regardless of age.

IS THE BACK DOOR OPEN?

History records that while the Christians were
holding the city of Constantinople in the 15th century
behind its massive hundred foot high wall, an enemy
soldier discovered a back door in the wall, open and
unguarded. While the Christians battled from the
parapets, the Moslems slipped through the unguarded
door and the city was taken.

The United States is perhaps impregnable from
outside attack as was Constantinople but it may also
be as vulnerable from within. While our country is
spending billions of dollars for defenses to protect
itself from freedom-destroying invaders, is it leaving
a back door open?

A socialistic trend that has persisted in the U. S.
in recent years continues to encroach on private citi-
zens and industry. The affairs of the country fall
more and more under the control of invading bureau-
cracy. Thus we are gradually breaching our defenses
of individual opportunity and personal liberty.

Expert Says Speed Is Chief Cause of Highway Accidents

AUGUSTA, Maine—The man who
directs the most massive traffic
safety movement in the history of
the automobile said that speed
"is at the root" of nearly all high-
way accidents.

Speaking to delegates attending
the Maine Youth Highway Safety
Council, Paul H. Blaisdell, direc-
tor of safety, Association of Casual-
ty and Surety Companies, also
praised Maine for being the first
state in the nation to recognize
"the tremendous potential" of
the nationwide "Slow Down and
Live" program as an activity for
youthful drivers. Mr. Blaisdell ad-
dressed the group in his capacity
as executive secretary of the As-
sociation of State and Provincial
Safety Coordinators, sponsors of
the annual summertime safety pro-
gram.

"Headless haste—the hurry psy-
chology—is at the root of 75 to
80 per cent of our highway acci-
dents," Mr. Blaisdell said. "In
the summertime this figure is de-
finitely higher. Well over 90 per
cent of our accidents result from
excessive speed, speed too fast
for conditions, improper passing,
following too closely and failing
to yield the right-of-way—all mani-
festations of the 'in-a-hurry' driv-
ing complex."

"You know that complex as
well as I: It's the driver who wants
to be first at the beach on Sunday
morning and first home Sunday
night—it's the driver whose im-
patience can't survive more than
two traffic tie-ups before he's cut-
ting out of line in two-car-lengths
—it's the driver who doesn't know
that it takes a greater distance to
slow a moving vehicle from 70 to
50 miles an hour than it does to
bring it from 50 mph to a com-
plete stop."

Health Records Dipped in 1957

The death rate among the own-
ers of America's \$5,000,000 ordi-
nary life insurance policies rose
in 1957, the first increase in five
years, the Institute of Life In-
surance reports. The rise is at-
tributed largely to the influenza
epidemic, although that disease
and pneumonia together account-
ed for only two and one-half
per cent of total deaths. Complica-
tions following influenza affected
the results in many other catego-
ries, notably diseases of the heart
and circulatory system.

The over-all 1957 death rate
among these ordinary policyhold-
ers is reported by the Institute to
be 607.3 per 100,000, compared
with 581.7 the year before and
630.2 ten years earlier. That in-
dicates that there were some 14-
000 more policyholder deaths last
year than would have occurred
had the previous year's rate still
applied.

Heart Disease and Cancer

Leading Causes of Death

Continuing the trend of recent
years, heart disease and cancer were
the two leading causes of death in
1957, according to provisional sta-
tistics released by Dr. Ronald R.
Cross, director of the state Depart-
ment of Public Health.

With 44,316 deaths attributed to
heart disease and 18,321 to cancer,
these two diseases accounted for
almost 60 per cent of the state's
mortality from all causes combined
—a total of 102,314.

A general rule of thumb for esti-
mating water requirements for adult
beef cattle on range is to figure
about one-tenth of the body weight
in water daily. A 1000-pound dairy
cow producing 35 pounds of four
per cent test milk consumes 18
gallons of water at 70 degrees, or
one-sixth of her weight in water
daily.

In June 1944, the U. S. Navy cap-
tured an enemy warship for the first
time in 130 years. Having crippled
the German submarine U-505 and
forced it to surface, American sailors
boarded the enemy ship and declared
her a prize of war.

NOTICE FOR BIDS
NOTICE IS HEREBY GIVEN that
sealed bids will be received by the
Board of Trustees of the Village of
Antioch, Illinois, at a meeting Tues-
day, June 17, 1958, until eight o'clock
P. M., D. S. T. at the Village Hall,
Antioch, Illinois, for the purchase
or rental of a 1958 model four door

sedan, to be used as a Police Squad
Car, in accordance with specifica-
tions on file with the Village Clerk,
which specifications will be made
available to all parties desiring to
bid.

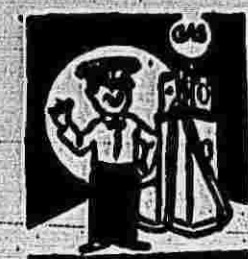

Bids shall be addressed to Clar-
ence B. Shultis, Village Clerk of the
Village of Antioch, and shall be in
his hands on or before 8:00 p. m.
D.S.T., Tuesday, June 17, 1958.

The Board of Trustees reserves
the right to reject any and all bids,
to waive any informalities in any
bid, and to accept any considered
advantage to the Village.

This advertisement is made pur-
suant to direction of the Village of
Antioch on the 4th day of June
A. D. 1958.

MORE AUTO EXPENSE

By forgetting spark plug changes,
you could increase your car main-
tenance expense some five or six
times. Here's what happens . . .

1. Poor mileage; more gas and oil
consumption.
2. Disintegration of porcelain on
plugs can ruin a valve.
3. No starting in cold weather with-
out a tow truck.
4. Low engine efficiency tends to
bring on other motor trouble.

Here's how you keep the expense
down. . . .

Drive over to JOE & DON'S TEX-
ACO SERVICE for a complete motor
tune-up every twelve thousand miles
or each year; whichever comes first.
You'll have better driving for less
money. Ask your neighbor about us.
Then you'll drive over to 970 Main
Street, Antioch, too.

Post Office Plans Call for Giant Financing Job

Life insurance companies have begun to move in on a sizable construction financing job for the Federal Government's Post Office Department, actual construction work being under way on some buildings and at least a dozen life companies being active bidders for a long list of additional projects, the Institute of Life Insurance reports.

Some 62 projects are already either under bid or authorized for future posting by the Government. Life company bids have already been accepted covering 16 new Post Office buildings. Under this program the buildings are financed by the successful bidders and owned by them until full payment has been made by the Government. This usually is under a 10 year term for smaller buildings and up to 25 years for larger ones, after which title reverts to the Government. All maintenance costs and hazard risks and all real estate taxes are covered by the Government.

When bidding on this plan started last November and December, the only bidders then were two life insurance companies. Included in the projects approved for them were Post Office buildings in Omaha, Neb., Council Bluffs, Ia., Burlington, Ia., Albuquerque, N. Mex., Kansas City, Kan., and Atlanta, Ga.

Under the second round of offerings, six life companies' bids for financing have been approved for ten additional Post Offices: Kingsport, Tenn., Gainesville, Tex., Burlington, Vt., Abingdon, Va., Huntington, W. Va., Green Bay, Wis., Durham, N. H., Biloxi, Miss., Brunswick, Ga., and McKinney, Tex.

Life Plans Include Post-Retirement

More than two-thirds of the persons currently covered by group life insurance have provision for some life insurance continued into their post-retirement years through their group plans, the Institute of Life Insurance estimates.

When group life insurance was first introduced nearly fifty years ago, there were only about four million people at age 65 or more, and little consideration was given to post-retirement planning. Today, with over 14 million persons at or beyond age 65, and with a 1975 expectancy of over 20 million over this age, greater emphasis has been placed on continuance of at least some of the group life insurance protection after the active working years, says the Institute.

Exercise Important In Maintaining Fitness

CHICAGO—The role of exercise in maintaining fitness has been outlined by a joint committee of the American Medical Association.

Appearing in the A.M.A. Journal, the statement pointed out that an individual's ultimate performance is limited by the physiological capacity of the body systems involved. However, the living body is "responsive to training" and operates under wide margins of safety.

A child or youth requires more exercise than an adult because of growth needs, the statement said. If an individual has been active throughout childhood and youth, maximum fitness is achieved earlier, and, in adulthood, decline of fitness is postponed.

Age, in itself is not a contraindication to exercise. Precluding accidents, a healthy person will not do himself any permanent injury by "rational physical activity."

Color-Blind People Usually Deny Fault

CHICAGO — Color-blind people often hate to acknowledge their weakness, according to the Better Vision Institute. When 360 young Army recruits were given a standard test for color perception, only 25 per cent of those found to be color-blind would admit they ever had any difficulty in matching or naming colors. Many rejected the idea of such an ego-defect with strong emotion. But the smart thing to do is to have frequent visual examinations, find out about any seeing faults you may have, and face up to them. Though color blindness cannot usually be corrected, most visual troubles can.

17 Most Popular

CHICAGO — There are around 7,000 named varieties of apples but only 17 are listed by the U. S. Department of Agriculture as usually having yields of more than 2,000,000 bushels a year. These are the Gravenstein, Grimes Golden, Jonathan, Wealth, Baldwin, Ben Davis, Cortland, Delicious, Golden Delicious, McIntosh, Newtown Pippin, Northern Spy, Rhode Island Greening, Rome Beauty, Stayman, Winesap and York.

Winners of Lake Villa V. F. W. Essay Awards

Prince of Peace School pupils won all three places in the Lake Villa V.F.W. Essay Contest on the subject, "I Like my Country, Because . . ." Last year's winner, Pat Wiersbicki, second from the left, is shown presenting the plaque to this year's winner, Lynn Yancey. Others in the picture are: Betty McGrath, left, second place winner; and Lynette Reid, right, third place winner. The awards were made at the Memorial Day service by Cmdr. Elmer Kasting of the post. Judges were Supt. Melvin Colbert, Lake Villa Grade School; Mrs. Christina Pitts, Allendale School; and Mrs. Rosella McCarthy, Prince of Peace School. Honorable mention went to Jacki McGarry, Lake Villa Grade; Richard Boiser, Prince of Peace; Barbara Lokas, Lake Villa Grade; and Karen Wehrs, Prince of Peace. Tronson Photo

Designs Boat Club

Charles Vermeyen, of Antioch, University of Illinois senior in architecture, with the model which he constructed from his own design for a boat club. The problem occupied an entire semester and included the preparation of a full set of preliminary drawings showing structural and mechanical details of his design.

BETTER SCHOOLS — AND YOU

by HENRY TOY, Jr., President
National Citizens Council for Better Schools

RELIGION IN OUR SCHOOLS

There's a topic boiling underneath the surface these days that I'd like to see brought out into the open. That's religion and education.

From what I can gather, it's a highly explosive topic in many communities and predictions are that it's going to explode one of these days.

Before that happens, I don't see why we can't all get together all over this country and discuss it.

The almost backroom discussions of it are taking all kinds of forms. In some places, it's an undertone fight about released time for religious instruction. In others, it's the use of public funds for transportation of parochial school children. Elsewhere it comes out as town protests against any form of religion being introduced into the classroom including posting of the Ten Commandments or grace before meals in the school cafeteria.

Recently, I attended a meeting at which this topic was discussed and, among other things, I learned at that meeting that it can be done. People of the three major faiths were at the meeting and the panel consisted of a Roman Catholic, a Jew and a Protestant. Each presented his point of view and then the meeting was thrown open to discussion. In the three hours of discussion, nobody raised his voice

and everybody learned a great deal. I doubt if any minds were changed but I believe quite a few were opened to the other fellow's point of view.

One of the reasons that religion and education continues as a thorny problem is that there is so little discussion of it in the open. I don't believe a discussion of it should be forced if no problem exists. But in those communities where the problem is very real, I suggest that the people involved stage a full-fledged, open discussion, or series of meetings, on the topic.

It's never going to get settled to anyone's satisfaction if we pretend the problem doesn't exist. Piecemeal solutions to avert a crisis and to keep everyone quiet if not happy aren't going to prove valuable in the long run.

We've solved a lot of problems in the public forum in America. I suggest that this is another one for that method.

For a free copy of a report on religion and education, write Dept. B, Better Schools, 9 East 40th Street, New York City.

BETTER SCHOOLS BUILD BETTER COMMUNITIES

TO BE CONFIRMED

The Confirmation class of the Methodist church will be received into church membership at a service on Sunday, June 8, at 4:00 p. m. Rev. Wallace Anderson will conduct the service.

The members of the class to be confirmed are: Christine Baned, Marguerita Gillum, Bill Couch, Betty Amendola, Edith Wolpert, Jane Lassen, Nancy Barnstable, Jane Edwards, Janet Polley, Carol Lasco, Darlene Althouse, Eddie Thayer, Jane Strang, Judy Turner, Harlene Young, Judy Rudolph, Cecelia Arndt, Robert Lasco, Lynn Chee-

tham, Richard Good, Elroy Moeller, Verna Turovaara, Judy Gaston, Mae Mueller, and Pamela Meyer.

Following the confirmation service, there will be a "get acquainted hour" and light refreshments will be served.

During the last two decades the proportion of the American population admitted to hospitals has more than doubled, Health Information Foundation reports. But the average length of stay per person has declined by almost half—from 41.1 days per person in 1935 to 22.4 days in 1956.

STUDENTS FETED AT HONORS BANQUET

Miss Marilu Bushing, daughter of Mrs. Marie Bushing, of Channel Lake Shores, and Miss Antoinette Nering, daughter of Mr. and Mrs. Tony Nering of Channel Lake, Antioch, were among the students feted at the annual Honors Banquet at Blackburn College, Carlinville, Ill., last Saturday.

To receive recognition at the dinner, a student must be an outstanding participant in the academic field or a leader in the area of the student managed work program.

Marilu was honored for outstanding work as a janitress and as a

worker in the college kitchen and Antoinette was honored for her outstanding work in the college kitchen. The girls both returned to their homes Monday for the summer vacation.

About Accidents

HARTFORD, Conn. — Over 95 per cent of the vehicles involved in 1957 accidents were in apparently good condition. More than 88 per cent of the fatal accidents came during clear weather, 79.8 per cent on dry roads. These facts emphasize the factor of driver responsibility.

ECONOMY TV TOPICS

(By Harold "Pete" Peterson)

BOTTLED LIGHTNING

One lady phoned us at ECONOMY TV on Rte. 173, 1 mile West of Antioch and yelled:

"Lightning is caught in my TV picture tube; it's flashing all over. Is it going to blow up?"

No, it won't blow up. When you shut off your TV set, the filter condenser for the high voltage is discharging because no power is being applied.

Keep calling that number Antioch 1454; glad to be of service to you.

ANTIOCH - LOMBARD

SOCIETY EVENTS

Ferry Hall Graduate

Luisa Charlotte Vos

Luisa Charlotte Vos, daughter of Mr. and Mrs. Edmund Vos, 576 North Main st., Antioch, will be graduated from Ferry Hall Saturday. Commencement exercises will be held in the First Presbyterian Church, followed by a luncheon at the school for families and friends.

A four year student at Ferry Hall, Luisa has sung with the glee club and played on the junior varsity hockey team. She has also been a member of the activities committee and benevolence committee. Luisa will enter the National College of Education, Evanston, Ill., this fall.

TO GRADUATE FROM MARQUETTE

Lake Villa is represented among the 157 Illinois seniors who are listed as candidates for degrees at the 1958 commencement exercises of Marquette University in Milwaukee, Wis. The entire senior class numbers 1,182. They are from 39 states and 12 foreign countries or possessions.

The prospective graduate is Thomas H. Ploss, Route 3, Lindenhurst, who will receive a Bachelor of Science degree.

Marquette's graduation ceremonies will be held in the Milwaukee Arena at 3 o'clock Sunday, June 8, with the Very Rev. Edward J. O'Donnell, S. J., president of the university, making the principal remarks.

Baccalaureate services will be conducted in the Milwaukee Auditorium at 3 p. m. Saturday, June 7, with His Excellency, Bishop John J. Wright, of Worcester, Mass., delivering the sermon.

Requests Donations for Refugees

The Wesley Circle of the Antioch Methodist Church is urgently requesting the donation of good, used clothing for refugees in China. The boys and men are more desperately in need, but all kinds of clothing will be appreciated.

The Methodist Church is one of many assisting the World Council of Churches in this drive. Packages may be left at Wesley hall in the church, no later than Sunday evening, June 8.

U. S. AIR FORCE RESERVE PROMOTION

Continental Air Command has announced the promotion, from Captain to Major, of Raymond W. Baethke, Route 173, Antioch. Ray is the proprietor of Ray's Grocery at 917 Main st., Antioch. He is a member of the 9666th Air Reserve Squadron, Waukegan Air Reserve Center, 218 Washington st., Waukegan. They meet there on Monday evenings.

RAINBOW TO HOLD INSTALLATION OF OFFICERS

A public installation of the Order of Rainbow for Girls, Antioch Assembly, will be held at 7:30 p. m. on Saturday, June 7 in Wesley Hall of the Antioch Methodist church. Diane Mantis will be installed as the new worthy advisor. Betsy Frazier is the retiring worthy advisor; Mrs. Wilma Gibbs is the mother advisor.

Miss Mantis will preside over her first meeting at 7:30 p. m. on Monday, June 9, at the regularly scheduled meeting.

COMPLETES TRAINING AT NAVAL HOSPITAL

Robert F. Duben, Hospital Corpsman 2/c, USN, son of Mrs. Margaret Duben, Cross Lake, Wis., has recently completed a nine month course in Pharmacy Technique at the Naval Hospital Enlisted Training Service, at Portsmouth, Virginia.

Hospital Corpsman Duben and his wife, the former Veronica Glover, of Brooklyn, New York, and their two sons, Robert, Jr., and Keith Thomas, are visiting Robert's uncle and aunt, Mr. and Mrs. Anthony J. Scully, 807 N. Main st., Antioch, prior to reporting for duty at the Naval Hospital at Great Lakes, Ill.

They are awaiting the arrival of an addition to the family as well as their mobile home and will reside at the Lakeview Trailer Court, Waukegan, Ill.

Win Legion Awards

Gary Schlunz of Petite Lake Highwoods won the Citizenship award for boys given by the American Legion of Lake Villa to the eighth grade pupil of Lake Villa Grade School. Mary Lou Von Stoesser won the same award for girls. Gary, as a member of the Lake Villa Grade School band has received 21 medals and Mary Lou, also a member of the band, has won 22 medals.

Last Meeting of Season

The Altar and Rosary Society of St. Peter's Church, Antioch, held its final meeting of the current season on Monday evening, June 2, with Mrs. Joseph DeStefano, president, presiding.

The society plans to hold two bake sales during the summer, as well as its annual salad bar luncheon in August.

Mrs. Clara Appleby, of Lake Villa, gave a very interesting talk on floral arrangements, for using wild flowers as well as the cultivated ones in the garden.

Refreshments were served by Mrs. Jack Wells and her committee. The first meeting in the fall will be the membership luncheon in September.

Votes to Go to Europe

Mr. and Mrs. Edmund F. Vos and daughter, Luisa, will leave next Wednesday for New York, where on June 14 they will embark on the S. S. Flambra for Europe where they will spend two months touring nine countries. They will land in England and go from there to Brussels, Belgium, for the World's Fair, France, Germany, Switzerland, and Italy are other countries on their itinerary. They will return on the Il de France.

Graduate Honored on Sunday
Mr. and Mrs. Nathan Beiser of Cedar Lake Road, Lake Villa, held open house Sunday afternoon in honor of their son, Richard's graduation from Prince of Peace school. Friends and relatives from Lake Villa, Antioch and Chicago were present.

Refreshments were served. Week-end guests in the home of Mr. and Mrs. Fred Swanson, Lake st., were Mrs. Swanson's brother and his wife, Mr. and Mrs. Wilbur Kirschke of Lake Worth, Florida.

Sacred Heart Graduate

Mary Ellen Cranley

Miss Mary Ellen Cranley, daughter of Mr. and Mrs. Edward P. Cranley of Loon Lake, was among the graduates of the Centennial year at the Convent of the Sacred Heart in Lake Forest. Next fall she will attend Barat College where she has received a scholarship.

Murphy Gets Stop Signs

Rep. W. J. Murphy was thanked by the Antioch Village Board for the results he got in having four-way stop signs placed at Main street and North avenue. Murphy's letter to the State Highway department calling for the safety measure was read and approved. He asked for the stop signs before the Memorial Holiday rush—and got them.

Homemakers, Husbands Guests of Spierings

Eighteen members of the Antioch Homemakers Club met at the home of Mrs. Harry Weiss at Channel Lake last Wednesday. After the business session cards were played. The members and their husbands are invited to the home of Mr. and Mrs. Clarence F. Spiering on Rte. 45 tomorrow evening (Friday) to see pictures the Spierings took on their recent trip to Africa.

Parents of Son

Mr. and Mrs. Ralph Lasco, of Painesville, Ohio, are the parents of a son, Keith Harrell, born May 15 and weighing 8 pounds, 8 oz. Mr. Lasco is the son of Mr. and Mrs. H. L. Lasco of Main St., Antioch.

Mr. and Mrs. Leslie Schlunz, of Petite Lake Highwoods, Lake Villa, entertained friends and relatives Sunday in honor of their children's graduations. Their daughter, Wanda, graduated from Antioch Township High school, one son, Leslie, graduated from Grant High school, and a younger son, Gary, graduated from Lake Villa Grade school.

Rummage Sale

Antioch Chapter No. 428, Order of the Eastern Star, will hold a rummage sale Saturday, June 7, at Good Fellowship Settlement House, South Avenue, Waukegan.

Mr. and Mrs. Howard Rudolph and family entertained as week-end guests Mrs. Rudolph's sister, Mrs. Harry Seebald, and daughter, Carol, of Chicago.

Edward Cranley, Jr., is home from the University of Notre Dame, South Bend, Ind., for the summer.

Hold Annual Golf Outing

The Illinois Lumber, Building Materials and Coal Assn. today held its annual golf outing at the Diamond Country Club. Edmund F. Vos, Antioch, was one of the hosts.

Exploring Program To Be Launched For High School Scouts

All dressed up in a new package for older high school age young men, the new Exploring program will be launched by the Boy Scouts of America in November, Geovill Nereim, vice president, of the North Shore Area Council announced today.

Based on surveys made for the Boy Scouts of America by the Institute for Social Research at the University of Michigan and other groups, the new program is just what the young men asked for.

The researchers questioned a cross section of the two and a half million young men between fourteen and seventeen years of age and turned up some good advice on the type of program young men want and need.

Exploring now will open its doors to all young men whether or not they have been Boy Scouts, and they may join when in the ninth grade or above and fourteen years of age. Those fifteen, sixteen and seventeen years old may join regardless of grade. At present time there are over 460,000 Explorers in uniform. Out of 540 councils in the United States, the North Shore Area Council is close to the top in Exploring activity with more than 700 members in 330 units.

Researchers found that today's teen-agers are definitely concerned with attaining maturity and achieving success in some fields. The survey pointed out that most young men in this age group know little about vocations and their requirements and want more information.

The new program will offer the opportunity for Exploring posts to specialize in any one of many subjects ranging from agriculture, chemistry, hi-fi and publishing to zoology. Posts would be designated by their specialty such as atomic energy post or radio post. This step ties in with another finding by the survey that programs which direct the energies of young men in one area are more popular.

In addition to vocational exploring, five other areas of experience will form the backbone of the new Exploring program. The variety includes social, outdoor, personal fitness, service, and citizenship activities, which will be self-initiated, planned and carried out by the boys with adult advisers and consultants.

U. S. submarines participated in every major operation and sea battle in the Pacific during World War II.

Catches 17-Pounder

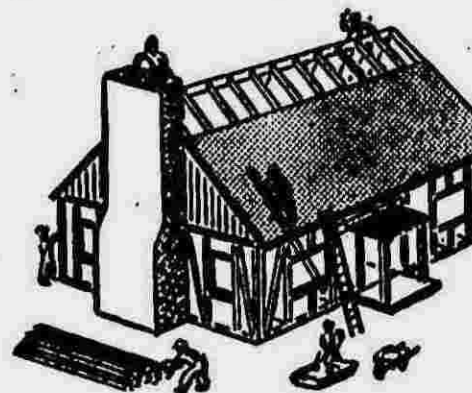

Lynn Ott, daughter of Mr. and Mrs. Ernest Ott of Antioch is shown with the 17-pound, 43-inch muskie she caught Memorial Day at the Land of Lakes (McMahon Resort) in Wisconsin. She used a red and white dare-devil lure. Mrs. Ott caught a 31-inch seven-pounder, and Mr. Ott, using an old line belonging to his daughter lost a whopper. The daughter Margo was the fourth member of the party.

In June 1854, the first formal graduation ceremonies were held at the Naval Academy at Annapolis. Although classes had been graduating for eight years, this marked the first formal ceremony to be held.

Jensen of the American Legion, C. W. O. Don Francisco, Jr., speaker, and Cmdr. Fred Gras, parade marshal and head of the V.F.W. (Polley Photo)

Salem Beats Pulaski, Goes To Eau Claire To State Competition

Salem Central High's baseball team will seek state honors in the state contest starting Friday at Eau Claire, Wis., after having won the regional contest by beating Milwaukee Pulaski Saturday 11 to 8.

The game was played on a rain soaked field at Paddock Lake which was anything but conducive to good baseball.

Coach Bill Becker's team took advantage of nine Pulaski errors and eight walks, which added to 2 hits, gave the Salem team the first seven runs.

One of the hits was a double over the left fielder's head by Dick Weber, which cleared the filled bases in the fourth while the Pulaski team was leading 5-2.

Becker had to call on Dick Skora, who had played in the previous game which Salem won from Pewaukee, and he did a good job. Salem got six more runs in the fifth on singles by Ray Lubkeman, Ray Ellis, and Dave Ellis, and a double by Nelson, but again misplays helped in the scoring.

Pulaski players hit the ball hard, connecting for 15 hits, but Salem fielders hurried the ball in and made but two errors.

At Eau Claire the champion will have to win three games in two days. Salem has won 15 and lost 1 this season.

The Falcons will play their opening game at Eau Claire at 1:30 p.m. tomorrow against Ctek. In the other opening games Friday Eau Claire, defending champions will meet Soldiers Grove at 3:30 p.m. Fond du Lac will play Wausau at 7 p.m. and Lake Mills will play Reedsburg at 9 p.m.

The semi-finals will be at 1:30 and 3:30 p.m. Saturday and the championship game at 8 p.m.

Eau Claire is the pre-tournament favorite.

TV Not Working Good, Don't Be Disturbed — It's the Atmosphere

Is your picture shaking? Does it have black bars running through it? Does it fade in and out?

Don't be disturbed. Other sets are doing it too in this area, according to Harold C. Petersen and Glen R. Bruegemann of the Economy TV Co.

"The trouble is caused by atmospheric conditions and not by the set," said the repairmen. "We in this area are getting interference from distant stations because of ionized rain clouds. These clouds bend the signal from the distant stations, causing the interference. Some TV receivers are able to pick up Indianapolis and other stations during this period."

Don't be concerned about this. All we can do is wait for the weather to change and TV viewers will be able to enjoy their programs again," they said.

Lake Villa Organizing Bugle and Drum Corps

A drum and bugle corps containing baton twirlers, will be organized by the Veterans of Foreign Wars at Lake Villa, Cmdr. Elmer Kasting said.

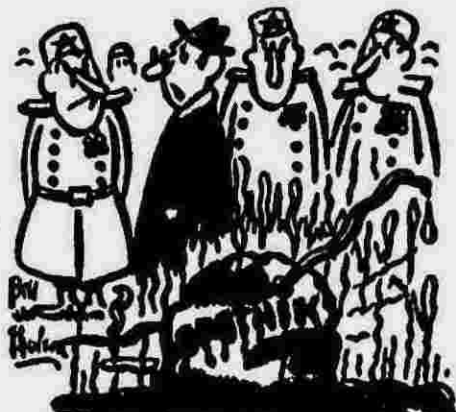

Jerold H. Shaurette, Lake Catherine, will be the director. Three of the baton twirlers will form the nucleus of the baton twirling action. Those interested in the project may telephone Elliot 6-2711.

Ruins and Skulls Mark Early Eskimo Habitat

WASHINGTON—A field of skulls and stone ruins on bleak, treeless, 17,000-square mile Southampton Island, northwest boundary of Hudson Bay, may have been the last home of a vanished people—the first Eskimo migrants who moved eastward from Alaska over Canada's Arctic Coast and islands more than 2,000 years ago.

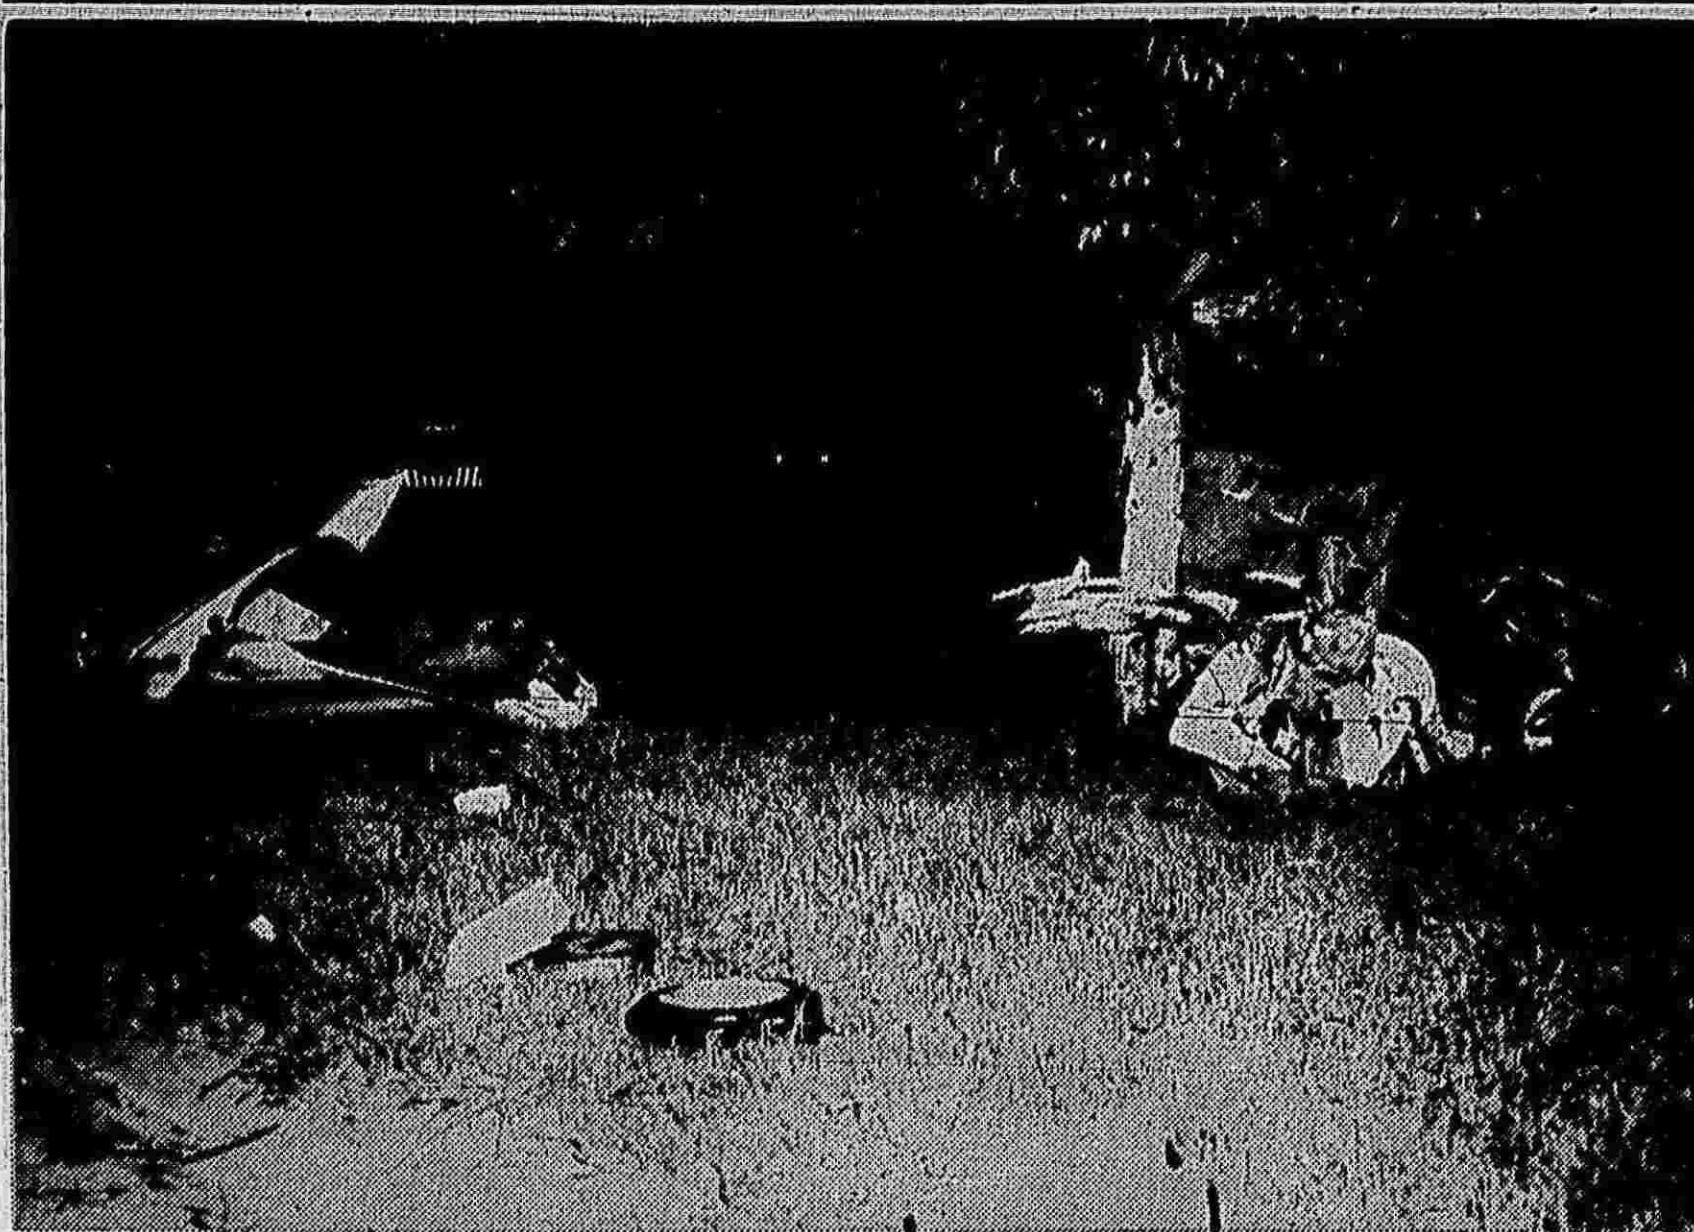

There were two such migrations, the Dorset and Thule, many centuries apart. Both, but especially the Thule, left their marks on the present Eskimo cultures. It now is generally held that the Dorset people came first and perhaps were submerged by the late comers.

My Neighbors

"Just like Hungary, Comrade, all Russian satellites get burned up sooner or later!"

There Are Two Pictures But Only One Car

At 3:10 a.m. Thursday morning, Chief George H. Brewer, 39, of Great Lakes Naval Training Station lost his life in the auto pictured above. His wife, Jenny, a passenger, is in critical condition at St. Therese Hospital at Waukegan, Illinois. The crash occurred on Rt. 41 4/10 of a mile north of Grand Ave. Driving a 4-door 1937 Olds, Brewer was headed south when his car went out of control and traveled 250 feet on the parkway before hitting a tree and splitting in two. The front half slid close to 300 ft. before striking a large truck parked on the opposite shoulder of the road. (Courtesy Antioch Photo Service).

Lake Villa Had Outstanding Memorial Day, Aided by Great Lakes Drill Team, Speaker

Lake Villa had its most outstanding Memorial Day program this year.

Under the sponsorship of V.F.W. Post 4308 and American Legion Post 1219, the community's finest parade followed by an unusually good service at Lehman Park were conducted.

The parade was augmented by a 67-man drill team from Great Lakes Naval Training Center, the graduating group that recently received special citation for its drill work. The Navy also sent a color guard which added to the impressiveness of the local color guard.

The Lake Villa Grade School band provided the marching music and opened the memorial service with the playing of the Star Spangled Banner.

Tony Sciacero served as master of ceremonies and he introduced the officers of the Legion, V.F.W. and their auxiliary units.

He also introduced the Gold Star mothers, Mrs. Ann Nelson and Mrs. Ethel Marosowski, the latter of Venetian Village, who placed the wreath on the memorial plaque.

Mayor Erwin Barnstable gave a short talk after which Lt. LeGrant E. Williams, chaplain at Great Lakes, gave the principal address.

Chaplain Williams who was attached to the ship Oklahoma when it was bombed at Pearl Harbor, told of his experience in seeing lives lost there, and declared that the least that those who benefitted from these sacrifices can do is to give the greatest recognition to one day in their memory.

Following Chaplain Williams' talk the Rev. David S. Lynch, who gave the invocation, also gave the benediction, and the program concluded with the firing of a salute and the sounding of taps.

During the service time was taken for the presenting of awards to winners of the V.F.W. essay contest. The picture and account of the winners is found elsewhere in this newspaper.

Cmdr. Elmer Kasting, who presented the awards and helped on the program, gave credit to CPO Joseph Botts of Lake Villa for obtaining the speaker and other Navy assistance from Great Lakes, where he is stationed.

Following the program the crowd was entertained at the Veterans of Foreign Wars Club where refresh-

ments were served and where there were singing and dancing throughout the afternoon. An estimated 300 persons were present.

Seek Phone Area Increase

Antioch telephone subscribers may get a little more territory under the present base rate, according to a notice by the Illinois Bell Telephone Co. that is seeking permission for this service through the Illinois Commerce Commission.

R. N. Hawkinson, local manager said the new phones which may be reached locally are west on Rte. 173 to Lake avenue, Channel Lake, and north to the Illinois-Wisconsin state line.

Antioch Is Growing

More than one-half million dollars worth of new construction took place in Antioch during the fiscal year ending May 31, 1958, Village Clerk Clarence Shultis announced. Eighty-four building permits totaled \$617,224.

These included permits for 29 new residences, 19 garages or breezeways, a new apartment building and two new non-residence buildings; also alterations to 31 existing residences and alteration of four other buildings.

award from Mrs. William Ellis of the Waukegan chapter. She was valedictorian and Tom Sanhamel salutatorian. Miss Zelen received the Student Council secretary pin and Frank Fordon the president's pin.

Other honors previously had been awarded.

Crowd at Commencement

The 93 graduating seniors received their diplomas before a crowd that filled the gymnasium last Thursday evening.

The speaker, Dr. Miller Upton of Beloit College, told the graduates and their relatives and friends that to make democracy work there must

be an enlightened society. Education is a basis on which democracy must stand, he said.

The school band furnished the music and the Rev. Gerald Robinson of the Lake Villa Methodist church gave the invocation.

Principal A. L. Dittman presented the class and Robert Denman, president of the Board of Education, the diplomas.

Noting such a large attendance, Principal Dittman pondered the problem the school will have in the next few years when the present freshman class, twice the size of the graduating class, will graduate, and draw a crowd twice the size of this one.

Mr. and Mrs. E. H. Hartnell entertained at dinner Sunday for Mr. and Mrs. Andrew Fenema of Kenosha, Mrs. Minor Hartnell, Clarence and William Cook, George, Bjerner and Mr. and Mrs. Ernest Schattner.

Mr. and Mrs. Conrad Konzinski and daughters of Milwaukee spent the weekend with relatives in Salem.

Mr. and Mrs. Robert Patrick and son, Daniel, and Tommie Nielsen of Silver Lake attended the speed races at Indianapolis on Decoration Day.

Mr. and Mrs. Alfred Schmidt, Larry and Arlene and Miss Rasch of Slades Corners spent the weekend at Waukegan with Mr. and Mrs. Alfred Hackbarth.

Mr. and Mrs. F. H. Wheeler and children of Silver Lake were dinner guests of Mr. and Mrs. E. H. Hartnell on Decoration Day.

Mrs. Emma Schmidt has returned to Kenosha after making an indefinite stay with her son, Alfred, and family.

Mr. and Mrs. Elmer Fleming and son of Burlington spent Sunday with their parents, Mr. and Mrs. David Elfers.

Mr. and Mrs. William Griffin have returned from a month's vacation. The Griffins flew to Phoenix, Ariz., where they visited their son, Glenn Griffin and family, and also to Boulder, Colo., where they visited their son, Willis Griffin and family.

Mr. and Mrs. David Elfers spent Decoration Day at Richmond with Mrs. Ruby Wilson.

Colleen Patrick, four year old daughter of Mr. and Mrs. Robert Patrick, underwent a tonsilectomy at St. Catherine's hospital in Kenosha on Monday.

Research Is Key To Conquest of Cerebral Diseases

NEW YORK—Hope for improving the outlook in cerebral vascular disease, which is outranked only by heart disease and cancer as a cause of death in the United States, rests principally upon a long-term research program, the development of new methods of treatment, and greater use of the best methods now available.

These conclusions are set forth by insurance company statisticians in a report which states that the cerebral vascular diseases—primarily cerebral arteriosclerosis, cerebral hemorrhage, embolism, and thrombosis—currently account for some 185,000 deaths a year in the United States, or about one eighth of all deaths. It is estimated, moreover, that at least 2,000,000 persons are handicapped or incapacitated by these conditions.

"Research on many phases of these diseases has been accelerated recently by the Public Health Service and its National Institute of Neurological Diseases," the statisticians observe.

Meanwhile, it is noted, a development of considerable interest is the treatment of cerebral thrombosis with anticoagulants similar to those used in coronary occlusion. "While it is too soon to evaluate this type of therapy," the statisticians comment, "initial success has been reported by some in carefully studied cases. There is also the possibility of new developments in surgery which may prove of value in selected cases."

College Courses Possible Thru T.V.

UNIVERSITY PARK, Pa.—Cameras and other equipment used in the closed-circuit television education program at the Pennsylvania State University are being used for the first time to provide instruction for theatre arts, journalism and speech students.

The equipment was assembled to enable the University to experiment on the possibility of effectively teaching larger numbers of students, using the media of television. At present, 5,000 students are enrolled in courses taught by television.

In the new theatre arts courses, students are learning the acting, directing, lighting, and make-up technique peculiar to television. It is pointed out that television acting is on a much smaller scale than acting on the stage and the actors are limited to a smaller area.

Journalism students are taught the special techniques of writing, editing, and delivering television news programs and also the use of television as an advertising media.

Graduate Says Physicists Are Made, Not Born

NEW BRUNSWICK, N. J.—You don't have to be a freak to be a physicist.

So says Gerald Chanin, 25, a product of the New York City public school system, who is closing in on a doctorate in physics at Rutgers University. He claims that physicists, like most baseball players or best-selling novelists, are made, not born.

Chanin believes there is a sys-

tem of sorts applicable to the development of budding physicists.

1. Interest in things physical and what makes them "tick."

2. Sound high school training in English and mathematics. A competent teacher who enjoys his job and shares his knowledge and enthusiasm with the students is valuable.

3. More sound training and advising and eight or nine years of hard work in college and graduate school.

4. A "little luck" here and there. The many elements of chance which confront the prospective scientist often crop up in high school. Since there is rarely any choice, the youngster who comes under the guidance of a good science teacher is most fortunate.

'Extinct' Machinery Recreated for Exhibit

WASHINGTON — Specialists on the staff of the Smithsonian Institution in Washington have recently reconstructed models of several "extinct species" of power machinery based on data found in old records.

In preparing a history of power machinery, it was found that some of the most important steps in the story were represented by machines of which there is today scarcely any written record. Owing to the loss by fire of Patent Office records prior to 1880, such landmarks as the steam engines built by John Fitch and James Rumsey in the 1780's are scarcely remembered, although they were among the world's first steamboat engines. After considerable study, the Smithsonian staff acquired enough information to attempt their reconstruction.

Spread of egg prices over year-ago levels will start melting away during the next few months, but no big drop is in sight, predicts Successful Farming magazine in the June issue. Spring prices are helped by storage demand, lower rate of lay, and fewer hens.

The Antioch News and Antioch Theatre invite Peter Obermeier, Rt. 1, Box 88, Lake Villa, Ill., and one to attend Tuesday, Wednesday or Thursday showing of "Cattle Empire" at the Antioch Theatre.

Letters to The Editor

Sarasota, Fla., May 27, 1958
Editor Antioch News:
It's strange how quickly one is forgotten after being away from the "Old Home Town" a few years, and was reminded of this fact in reading the News (May 22) relative to the wonderful progress the Antioch Fire Dept. has made since I was an active member quite a few years ago. I read with interest in the News all articles pertaining to the activities of the Fire Dept., and in the issue above (5/22) I note that under the picture of Lou, Toft and Miss Keating, it states that my good friend Lou is the only LIVING charter member. Now just for the record let me say this—I am proud to be one of the original organizers as well as a charter member of the A. V. F. D. So for the benefit of all my friends and "Old Timers" let me say that I have not yet crossed over to the Great Beyond, am in good health and much alive here in sunny Florida.

My kindest regards to all the members, active or retired, of the Antioch Volunteer Fire Dept.
Sincerely, from an old subscriber;
Art. Rosenfeld
2392 Browning St.
Sarasota, Fla.

Accidents Claim More Males Than Females

CHICAGO—More males than females are born each year in the United States.

Just why, then, are there more women than men later on in life? Why the female superiority—numerically, that is—when it comes time to find a husband?

"One reason," the National Safety Council says, "is because males 15-24 years of age—the age when they're either thinking of getting married someday or counting the days till the big event—are being killed in accidents almost five times as fast as females."

The Council isn't necessarily trying to promote matches between the sexes. It is concerned, though, with keeping people alive.

A recent estimate put the U. S. population at about 84,858,000 males and 86,371,000 females—about one and a half million more gals than guys.

"Men have always died at a faster rate than women, perhaps largely because of the more hazardous tasks they undertake and their chance-

Catholic Youth Organization Committee Plans Dance

Bob Doyle, general chairman of the CYO sponsored dance at Lake Villa's Prince of Peace Church, is shown standing with posters for the dance. Committee members seated, from left to right, are: Ed Martin, Pam Mitchell and John Warchol. Those standing are Alice Miller, Nancy

Baillix and Marion Doyle. Bob Martin was absent when the picture was taken. "Summer Fantasy" is the theme of the dance which will be held from 8-12 p. m. Saturday, June 28 in the church hall at Rtes. 21 and 132 with Jimmy Bledsoe's orchestra providing the music.

taking nature," the Council said. "But men, especially those in the 15-24 age group, are dying far, far too rapidly."

Statistics for a recent year turned up these facts on the 15-24 age group:

1. Accidents of all types take the lives of nearly five males for every female.
2. More than eight out of 10 persons killed in motor vehicle mishaps are males.
3. Almost seven out of eight persons killed in non-motor vehicle accidents are males.
4. The young people are seven times as likely to die in an accident than from cancer, the No. 2 cause of death to persons in the category.

Both sexes are living longer today than their grandparents did, the Council noted, but the so-called weaker sex has widened the gap.

Thirty years ago, the average white female lived about three years longer than the average white male. Today, she can expect to outlive her man by more than six years.

One reason women outlive men today, the Council pointed out, is because they have benefited more

than men from discoveries and innovations in the medical field.

Another reason suggested by the Council: They have been more careful working and playing than men, and technological and social changes have made women's work easier and safer.

"Regardless of what stage of life you're at—the marriageable stage, the married stage or the aging stage

"It's smart to keep your man alive," the Council said.
"Don't let your boyfriend or husband overdo things, whether it's a minor repair job around the house or a long vacation drive.
"Make sure he keeps a light foot on the accelerator, and that he's not distracted into a collision by annoyance in the car or angered into an accident by a family spat.
"Keep the man alive, gals—because the supply isn't keeping up with the demand."

Fred and Jim Lucas, sons of Mr. and Mrs. John Lucas of Long Beach, Calif., formerly of Antioch, will graduate on June 19. Fred will graduate from Jordan Starr High School and in the fall will enter

Long Beach City College, where he will study electronics.

Jim will graduate from Hamilton Junior High School and in the fall will enter Jordan Starr High School.

The first Marine Battalion landed in Cuba in June 1898, becoming the first U. S. unit to land during the Spanish-American War. Shortly after, they fought the first land battle in that war at Cuzco, near Guantanamo Bay.

Lou Portalski Won A.P.B.A. Sanctioned Ski Boat Race Friday

Lou Portalski of Antioch, driving the Greyhound owned by Flood Brothers of Chicago, won the A.P.B.A. sanctioned ski boat race at Midwest Marine Stadium, Hammond, Ind., Memorial Day.

This was the first sanctioned event for this newly-formed class in boat racing under the American Power Boat Assn.

Second place was won by Verne Nelson, Chicago, owner-driver of the Crazy Canoe.

Third place went to "Swede" Stromstedt, driving Eight-Ball owned by Walter Lampert of Chicago; fourth place went to Tracy Hill, Antioch, driving Rum Runner VII, owned by Joe Moulis, Jr., Fox Lake; and fifth place was won by Babe Ambacher of Lake Villa, driving Rum Runner IX, also owned by Moulis.

Other boats participating were the Long Gone, owned and driven by Les Brown, Chicago, which konked out, and Little Joe, owned and driven by Jug Kelley of Chicago, which developed motor trouble, too.

The boats in this new class are powered by Chrysler and Cadillac motors in excess of 350 horse power, and the boats are no longer than 17 feet. Portalski's average time for the two heats was 57.887 miles per hour over the mile and one-quarter course, three laps to a heat.

Awards Presented at Salem Central High

Class Night exercises were held Wednesday evening, May 28, at Salem Central High School at which several awards were presented.

They included presentation of the valedictorian, Karen Gitzlaff, and salutatorian, Judy Johnson; American Legion award for outstanding senior boy to James Cameron, and to the outstanding girl, Jean Rasch; public relations award to James Walker; Schoolmaster's Scholarship award to James Cameron; D.A.R. award to Jessie Day.

Also, the All-around student, Wayne Remus; perfect attendance award to Karen Gitzlaff and Richard Skora; W.H.S.F. awards to Karen Wisniewski and Jessie Day; F.F.A. Dairy Farming award to James Thomey; F.F.A. Farm mechanics to Wilfred Neier; and annual awards to Jessie Day and Sheila Herda.

Library Club, Science Club, F.H.A. and other awards have been presented on previous occasions.

Prize Winners Announced

Prize winners during the May sale at the Antioch Lumber and Coal Co. have been announced by the management.

First prize, a rotary power mower was awarded to Terry Dowell of Woodbine avenue, Channel Lake; second prize, a family season membership in the Antioch Pool, was awarded to Charles Jorgensen, Grass Lake road, Antioch; and the third prize, \$10 in merchandise, to L. Bick, Antioch, Route 1. Ray Cole, Lake Villa, and John Neahouse, Russell, will both get \$45 in merchandise.

The sale was a successful one, the management said.

Mayor Cunningham Officially Opens Little League Season

Mayor Murrill Cunningham is shown as he throws the first ball in the Little League season opener. From left to right the spectators are Wally Winn, catcher for the Yanks; Billy Goetz, umpire; Jack Fields, Tiger manager; Mayor Cunningham, (Polley Photo)

Plenty of Water.....

(continued from page 1)

state engineer have been sought to determine what is needed.

Maplethorpe's report said that in dry weather the flow is nearly the capacity of 190 gallons per minute, and that the sludge removal every two weeks barely keeps up with the production.

The two problems resolved themselves into the need for a village engineer and one will be chosen in a few days to tackle the problems. The committee making the selection comprises Trustees John Blackman, E. H. Glenn, and Bernard Osmond.

Appearing before the Board Tuesday night was H. S. Sundin of the firm of Baxter and Woodman of Crystal Lake who said that his firm will be glad to contract with the village for its future engineering needs, both as to sanitation and water and roads. There was indication this firm may be hired.

Another action of a committee headed by Trustee John Blackman will be the hiring of a superintendent of streets and water. The Board authorized the committee to make a choice among six applicants, set the salary and come back for board approval.

The street department was authorized to purchase a rotary mower.

Men require more hospital treatment than women, Health Information Foundation states, even though women's admission rates are much higher during the childbearing years.

Stricken During Parade Victor Thiele, 63, Dies

Victor Thiele, 63, father of Mrs. Earl Beese, Petite Lake, died Tuesday at Victory Memorial hospital and the funeral service was held at 3 p. m. today at the Krauspe Funeral Home, 3905 N. Lincoln Ave., Chicago.

Mr. Thiele was stricken while watching the Memorial Day parade in Antioch, and his family were to be weekend guests of the Beese family.

Besides Mrs. Beese he is survived

by two other daughters, Mrs. Muriel Frolich and Mrs. John Thompson; and three sons, Frederic, Bruce and Robert. There are 22 grandchildren and one great grandchild. Mr. Thiele was connected with several banks and in 1955 retired as an employee of Bell and Howell Co.

Leland Turner, teacher of the sixth grade in the Antioch Grade School the last two years, has resigned to accept a seventh grade teaching assignment in science and language arts at Sullivan, Ill. He and Mrs. Turner will leave July 1. She has been employed as a telephone operator and will be transferred to Decatur, Ill.

Swimming Lessons.....

(continued from page 1)

Club, or at many of the local stores, also at The Antioch News office.

The Aqua Center will be open every day, from 10 a. m. to 9 p. m. for the summer season.

The schedule for swimming lessons follows:

Red Cross Classes 1 through 5
Two lessons each week for 5 weeks. Monday and Wednesday, Tuesday and Friday, with classes each day at 10 to 11, 11 to 12, and 12 to 1.

Adult Swim Classes
One lesson each week for 10 weeks (baby sitters provided). Wednesday—8 to 9 p. m.; Friday—10 to 11 a. m.

Advanced Swimmers
One 2-hour lesson each week for 5 weeks Saturday—11 a. m. to 1 p. m.

Synchronized Swimming - Water Ballet
Qualified swimmers must try out for this class. One lesson each week for 10 weeks Saturday—10 a. m. to 11 a. m.

Junior and Senior Life Saving
One lesson each week for 10 weeks Friday—11 a. m. to 1 p. m.

Registration for Second Session
July 16, 17, and 18, from 10 a. m. to 12 noon each day. Session will run from July 21 through August 22. Program above will be repeated.

Fees
The fee for each course will be \$3.00 except Junior and Senior Life Saving, which will be \$6.00. The fee covers the cost of instructors and admission to the pool during the lesson period.

An application for the season pass is printed on page 13 in this issue for your convenience.

Dial Telephones.....

(continued from page 1)

building.
Design, manufacturing and installing of "tailor-made" dial equipment to serve the area.

Manufacture and installation of thousands of miles of wire in cable, and replacement of some of the cable and wire now installed.

Addition of dials to all telephones

in Antioch homes and businesses. New Building Planned

This program will cost an estimated \$900,000. This includes land, the new building, cost of manufacturing and installing the dial equipment, changing all Antioch telephones from manual to dial, replacement of some cable and wire, and related training and other expenses.

Present plans call for initial work to be out of the blueprint stages next year, and it is expected that ground will be broken for the new building late in 1959 or in 1960. Manufacture of the dial equipment will begin at the same time.

The company has already started studying the calling habits of Antioch telephone users, necessary to determine the amounts and types of equipment needed.

The dial equipment, according to Antioch wire chief E. O. Sullivan, will be custom-engineered and manufactured to fit the present calling habits—and future needs—of Antioch. He said that changing to dial is "a tremendously complex operation" involving hundreds of steps, all of which must be dovetailed precisely to keep from interfering with present telephone service.

Will Inspect Equipment

Sullivan explained that one of the important steps necessary to prepare the area for dial operation is special inspection of all telephone cables and wires, including those leading to homes and buildings in the area. Cable and wire will be replaced where necessary and much new cable installed—all this while other parts of the complex operation are under way.

Another important part of the changeover to dial is advance planning for the people involved, according to Antioch chief operator Mrs. Ruth Tidmarsh. "All regular operators at the present Antioch exchange will be able to continue their employment with the company by transferring to other Illinois Bell exchanges," she said.

Manager Hawkinson said that even though the company will be busy on the dial changeover program, "At the same time we will not overlook our basic obligation to provide the best possible manual service in Antioch while the dial work is going on."

EARLY DAYS OF ANTIOCH

(By J. M. Horton)

How many of you present day residents of our busily growing town are aware of the events of earlier times, which helped to form our community as it is today?

Do you know why, for example, our home town is Antioch, Illinois, and not perhaps Antioch, Wisconsin? And, for that matter, why it was named Antioch?

How many Antioch school children of this day can identify the name of Nathaniel Pope? For that matter, how many alumni of any age of Antioch township schools can properly recount the significance of this gentleman's place in the history of our home town?

To extend our awakening curiosity a bit further, it might occur to us to consider why Antioch was located where it is; who laid out Main street in the first place? When and where was the very first school in Antioch? What tribe of Indians inhabited these lands? What is the oldest store in town still in operation? The oldest structure?

So many little aspects of locality to consider, once your interest is aroused, and you begin to feel a kind of fascination, if you are so inclined, to look about the old home town, and contemplate the why and wherefore of how things all came about as they have.

Of course the primary charm of Antioch has always been and doubtless always will be, the fact that she is practically surrounded by a myriad of sparkling lakes. Therefore it is only fitting that the first question dealt with in this column should concern Antioch's abundance of natural waterways.

Which is to really begin at the beginning of things? Let's go back a bit, away before this rich, lush land ever welcomed the white settlers, even earlier than the time of the red man; back to when the land lay as it had from time infinite, having risen from a vast prehistoric sea which was an extension of what is now the Gulf of Mexico, to rise and fall in sandstone, limestone, shale, mud and more limestone formations.

Then the great glacier came, pushing its behemoth way from north to south, extending in an irregular line across the present United States and at one time covering nearly the whole of Illinois.

In its advance, the glacier scooped out our lakes and when it receded it left the "glacial drift," a deposit of ground rock from forty to one hundred feet thick. This formed our soil. The melting of the glacier filled our lakes.

The lateral and terminal moraines left by the melting glacier are now our gravel pits and rounded hills, characteristic of the land in Antioch township. In the northwest part of the region is some yellow-gray sandy loam on top of gravel, and also some yellow silt loam. This is the highest point of the Valparaiso Moraine, and still shows the rounded hills, and the kettle-like basins, from 25 to 75 feet deep, that were left by the glacier.

That the soil bears much richness is attested to by the sight of sleek cattle and abundant crops in the countryside, for Antioch has long been the trading and supply center of a vigorous agricultural area. To parallel this is the lure and charm of the many lakes, resulting in the popularity and prosperity of Antioch as a shopping and recreation center for the Chain of Lakes region, with its many resorts and subdivisions. (Next Week: The Early Indians)

Extend the life of rusty eaves troughs. Clean the inside with a wire brush, then apply a heavy coat of roofing cement. Before the cement dries, press a covering of heavy aluminum foil onto it.

Feeding completely pelleted rations to fattening lambs is becoming increasingly popular. Lambs eat more and gain faster.

Many Auto Accidents Caused by Distractions

Death on the highway takes strange shapes, a dropped cigarette, a back-seat tussle among the kids, a drippy ice cream cone.

Unrelated, you say? Not so, the National Safety Council points out. They're all potential accident causes. How?

Well, the Council says that while no official figures are available, many auto accidents are caused by just such otherwise harmless objects as cigarettes, children and ice cream cones.

"Distractions contribute to a great percentage of the nation's motor vehicle mishaps," the Council says.

Let's suppose you are cruising down the highway at 60 m.p.h. and drop your cigarette. Take only four seconds to pick it up and you've gone the length of a football field—and then some!

Same thing with a back seat squabble. Turn around to break it up and you may find yourself welded to the rear of another car that stopped suddenly in front of you.

Same thing with ice cream cones. Drop one in your lap, and then watch the fun start.

"The tale of woe of persons who've been victims of distractions," the Council says, "are usually good for a laugh—until an accident occurs. Then it's not so funny."

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Perhaps this would be a good time to discuss some of the problems of nighttime driving.

A prime requisite for nighttime driving is always to dim your bright lights when approaching a vehicle coming from the opposite direction. While traveling the open road at night, every motorist wants to have the best possible vision of the road ahead and most likely he will switch to his bright lights.

But these same lights which aid us in driving can also result in a serious collision if they are not handled properly. By that, of course, we mean the brights should be dimmed when a vehicle coming from the opposite direction approaches. If they are not, the driver of the vehicle may be blinded by them momentarily and just that brief period of time may be all that is necessary for him to lose control of his vehicle. Dimming the bright lights on such occasions is not only common sense, it is common courtesy.

Should another vehicle approach you at night with bright lights blazing and he either forgets or refuses to dim his lights, avoid looking directly into them. Turn your eyes more toward the right-hand side of the road. This way you will still be able to keep track of the road and the oncoming vehicle, but you will not be troubled so much by the glare of other car's bright lights.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

For quick results, place a want ad by calling 43 or 44.

Channel Lake Notes

Lola Ward, Correspondent
Telephone Antioch 983-M

The regular monthly meeting of the Channel Lake Community club will be held at 8 p. m., Tuesday, June 10, in the school basement. Refreshments will be served.

The picnic, held last Wednesday, was enjoyed by all. About 170 children were treated to pop and ice cream by the Community club.

Brownie Troop No. 74 has changed its meeting time from 3:30 p. m. to 10 a. m., starting this week. The girls will work upon sit-ups.

Mr. and Mrs. John Runyard and children, Mr. and Mrs. Tom Runyard and children, and Bill Chase and Calvin Trussell visited the Russell Bruehl cottage at Pleasant Lake, Wis., over the week-end.

Louis and Ann Rogers took Karen Trussell with them on a trip to Cable, Wis., for the week.

Ruth Trussell gave a party Thursday night for her sister, Carol, in honor of her graduation from high school. Family and friends were there.

Marlene and Bob Bolton have moved back to Channel Lake.

The Teen-Age splash party will be held some time in August and the date will be announced as soon as final arrangements have been made.

Mr. and Mrs. Russell Homan and family moved into their new home on Tiffany rd. last Sunday.

Mr. and Mrs. Edwin Hucker entertained Saturday for Mr. and Mrs. Edward Ahrens, and Mr. and Mrs. Sid Kenyon and son, Todd, of Waukegan, also Mr. and Mrs. Earl Pitman and Mr. and Mrs. Alonzo Runyard, Antioch. One of the highlights of the afternoon was the christening of George Hucker's boat, "The S. S. Marie."

Mrs. E. L. Kemp, Champaign, was also a guest. Mrs. Kemp attended the convention of the American Cancer Society, which was held in Chicago last week.

Consider four points when you decide to irrigate. Determine your source of water, type of system, crops to be irrigated, and how crops are used.

Nutrition at a Bargain, Vitamin Price Lowered

We may be paying higher prices than ever for sirloin steak and sugar cured ham, but thanks to pharmaceutical enterprise our economy is holding the line or better on some other essentials to the American diet, according to The Health News Institute.

Citing figures from the New York Journal of Commerce, the HNI informs us that prices of two major vitamins of the B complex have just been slashed by one-third to bring them to an all-time low on the wholesale market. And while we may not think of vitamins as food, yet their benefits are strictly nutritional. They have all but eliminated such "dietary deficiency" diseases as pellagra, beriberi and pernicious anemia, and they are of inestimable value nutritionally to expectant mothers.

Because of the skyrocketing costs of labor, packaging and distribution, the full advantage of the one-third price reduction at the production level may not be fully reflected over the pharmacy counter. But in relation to the cost of living index

as a whole, the life-preserving vitamins are still the best bargains on the housewife's shopping list.

As a striking example of the steady decline in vitamin prices, Health News Institute cites the case of pyridoxine hydrochloride, or vitamin B6. Currently priced at \$295 per kilo, as recently as 1954, vitamin B6 cost \$1250 per kilo, or more than four times as much.

Meanwhile, at such stable or reduced prices, these wonder-working nutritional supplements continue to save lives and maintain health while the costs of items on the actual dinner plate go on climbing.

HOT AIR IN SENATE COSTS \$81 A PAGE

In the first three months of this session of Congress, Senator Hubert H. Humphrey (D. Minn.) took the floor oftener and spoke longer than any other member of Congress. He and three other Democrat Senators, Wayne Morse and Richard L. Neuberger, of Oregon and a freshman, William Proxmire, of Wisconsin, consumed more time than 45 other Senators combined. Observers noted that printing these oratorical willows in the Congressional Record at \$81 per page has cost the taxpayers thousands of dollars that perhaps could be put to more prudent use.

Mrs. Clarence Blumenschein and Mrs. Fred Bartlett, Sr., were Chicago visitors Monday.

Mr. and Mrs. Howard Schneider and family and a few relatives spent the week end at Crystal Rock, Wis.

Mr. and Mrs. Clarence Blumenschein and Mrs. Fred Bartlett were Kenosha shoppers Tuesday.

Mrs. Effie Kelly of Racine was a visitor last weekend at the home of Charles Kelly on Cedar Ave.

A number of relatives gathered at the home of Mr. and Mrs. Fred Bartlett, Jr. Wednesday evening for cake and coffee in honor of their daughter, Carla, who graduated from kindergarten.

Mrs. Anna Nader returned home Wednesday after spending the winter in California with her son, Henry and his wife.

Mr. and Mrs. Joe Drehoel and family of Lake Bluff were guests Memorial Day at the home of Mr. and Mrs. Bernard Schneider.

Mrs. Bernard Schneider and son, Bradley and Mrs. Fred Bartlett visited the Raymond Bartlett family in Waukegan on Thursday.

Mr. and Mrs. Harold Fillweber of Antioch were visitors Memorial Day at the home of Everett Galiger on Grand Ave.

Nancy Ladewig, Norma Blumenschein and Patricia Dibble participated in the Shea Baton School recital held at the Slavonic hall in Waukegan Thursday evening.

About two hundred attended the Open House at the VFW home Memorial Day. A pot luck luncheon was served at noon and dancing was held in the afternoon.

Mr. and Mrs. Gordon Blumenschein and Mr. and Mrs. William Peterson entertained relatives and friends at the Blumenschein home Sunday and refreshments were served in honor of the graduation of Gordon Blumenschein, Jr. and Violet Schneider who graduated from Lake Villa Grade school Sunday.

Mrs. Lottie Barnstable is a patient at the Condell hospital in Libertyville.

Mr. and Mrs. Ralph Abner had as their dinner guests Sunday, Mr. and Mrs. Fred Bartlett, Jr. and daughter, Carla, of Lake Villa, Mr. and Mrs. Stanley Hollis and daughters Carol and Nancy and Mr. and Mrs. Northcutt and family, all of Waukegan.

Miss Genevieve Peterson and Vernon R. Patterson of Lake Villa were united in marriage Saturday, May 31 at the Lake Villa Methodist church at 7 o'clock at a candlelight service. A reception was held at the VFW home for two hundred relatives and friends. The couple will reside in Grayslake. Miss Peterson is the daughter of Mrs. Florence Peterson of Cedar Ave.

The next regular meeting of the Royal Neighbors of Cedar Lake Camp will be Tuesday, June 24, at 8 p. m. at the village hall. Hostesses will be Edna Botts and Lela Barnstable.

The Royal Neighbors officers club will meet at the home of Mrs. Gerri Polson at Loon Lake, Antioch, Wednesday, June 11 at 12:30. A dessert luncheon will be served and a meeting held. Co-hostess will be Velma Langosch, also of Loon Lake.

Mr. and Mrs. Joseph Botts and son, Danny, and Mrs. Leo Barnstable attended the wedding and reception recently of Mr. Botts' sister, Barbara, at Harvard, Ill.

The United States Submarine Veterans of World War II, Lake Region Chapter, Waukegan, requests that all men in and around the Lake Villa area who served on board United States Submarines in World War II or the Korean Emergency, contact our Secretary for full information on joining our chapter. We would like to extend an invitation to all you War Time "Pig-Boat-Sailors" to come aboard, and to meet us, our wives and friends at our coming picnic in July. Write to Francis O. Archer, 1862 Delaware St., Waukegan, Ill., or telephone him at Majestic 3-1971 after 7 p. m. Monday through Saturday.

Mr. and Mrs. Lester Hamlin drove to Dubuque, Iowa, Wednesday to get their son, Bob, who is a student at Loras College there. On the way back they stopped at Peru, Ill., to get their son, John, who is a student at St. Bede's academy. The boys will spend their summer vacation with their parents.

Mrs. Fred Bartlett spent Wednesday visiting her sister, Mrs. Norman Nelson of North Chicago.

William Northcutt of Alton, Ill., visited the Ralph Abner family recently to attend the funeral of his mother.

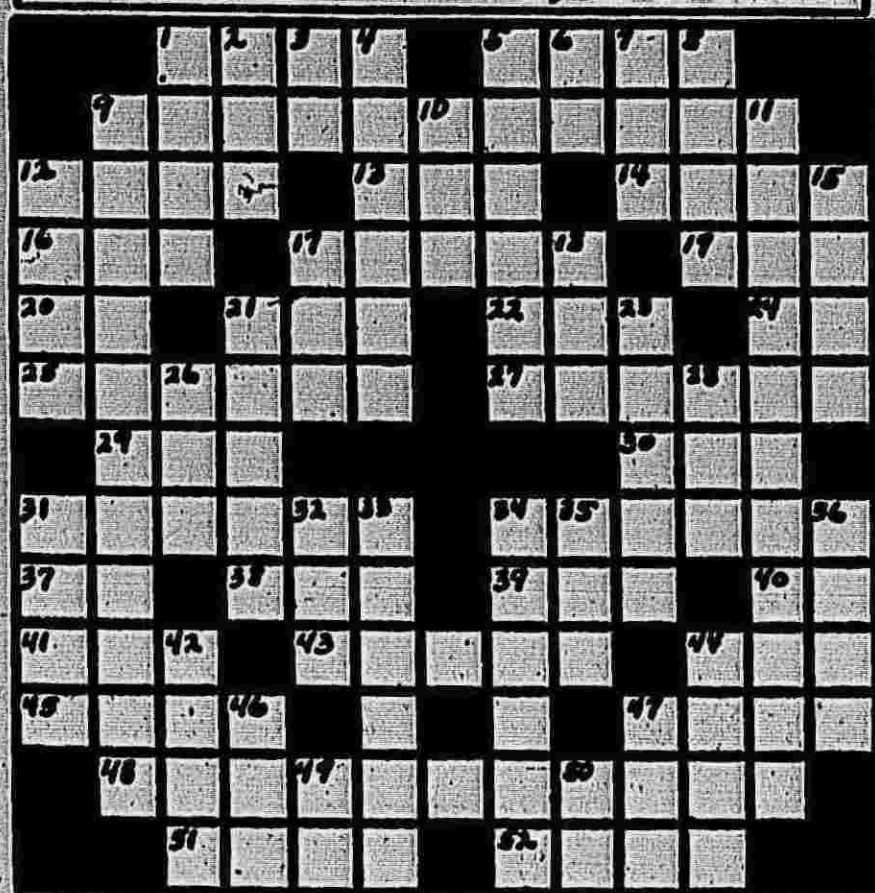

Mrs. Wingo and Mrs. William Northcutt of Waukegan were visitors Saturday at the home of Mr. and Mrs. William Seifert of Crooked Lake, Lake Villa.

Mr. and Mrs. William Seifert of Crooked Lake motored to Alton, Ill., to the Western Military Academy to bring two cadets home, William, Jr., their son, and Cadet Thomas Hutchings, son of Helen Northcutt of Waukegan. Cadet Seifert will be a senior next year and Cadet Hutchings will enter his second year. Cadet Hutchings has a job at the Dog and Suds for the summer and will return to Western Academy in the fall.

Mrs. Kate Collins and Helen Northcutt of Waukegan visited friends and relatives in Venetian Village Memorial Day.

Mrs. Northcutt of Waukegan, sis-

Correspondents

Petite-Grass Lake area was well represented in honoring our war dead on Memorial Day when Cub Pack 80, Boy Scout Troop 80, Brownie Troop 11, and Girl Scout Troop 6 all participated in the Memorial Day parade and ceremonies in Antioch.

The parents of Patricia Jesse held open house last Sunday in honor of their daughter's graduation from high school, and in so doing also initiated their newly finished basement recreation room.

High school graduates from the Petite-Grass Lake area include Annabelle Hribar, Fred Pause, Patricia Jesse, George Lystlund, Jerry Dittmer, Mary Forbrich, Bill Hart, Lois Wohlfeil, Louis Kempf, Donna

Deppe, Barbara Alshouse, and Elvin Meyer.

William Maleck's mother, sister, and grandparents drove down to the University of Notre Dame last Sunday for the proud occasion of his graduation.

A brother who is taking a trip to Sweden for the summer, and the desire to see him before he goes, was the reason for a recent trip to Hibbing, Minn., by Mr. and Mrs. Gust Berggren of Petite Lake. They visited with Mrs. Berggren's brother, Bernard Johnson, and many friends before returning home.

Mr. and Mrs. Peter Leider took advantage of the three-day holiday to visit their son, Richard, and his wife in Benton Harbor, Mich. Three granddaughters, Kathy, Debby and Cindy, were all eagerly awaiting their arrival, for who is nicer and more loving to children than their grandparents?

Surprise! Surprise! was the cry on May 28th when twenty of Kathleen Burke's friends from high school gathered to help celebrate her birthday. Judy Maleck, Indian Point, baked a cake, and Arlene Rozek, also of Indian Point, furnished the meeting place. The group danced and had a good time helping Kathleen pass from sweet sixteen to sophisticated seventeen.

Betty and Jim Ferrier celebrated their fifteenth wedding anniversary by holding open house at their home last Saturday. A buffet dinner was served, and approximately 30 persons attended the happy occasion.

TIMBUCTOO OR BRUSSELS?
Contest Offers You Choice

Photo courtesy TWA

The Eiffel Tower in Paris has lured generations of American tourists.

No doubt about it! Recession or not, a record one million American tourists are already abroad, are packing their bags, or are still scanning travel folders for junkets that will be made before 1958 ends. In fact, public interest in travel abroad is so great this year that one leading manufacturer is offering free trips for four families to anywhere in the world in a nationwide contest this month.

With overseas trips for the first three months of 1958 up 23% over last year, it is now possible to estimate that Paris, the Brussels World's Fair and Western Europe are the goals of 750,000 Americans. Running well behind in order of popularity are the Far East, South America, the Iron Curtain countries and the middle East. Africa and Australia will draw relatively few tourists from this side of the water.

While more Americans than ever before, many of them just on regular vacations, are traveling overseas, a trip abroad is still

an expensive affair. A roundtrip tourist flight to Europe for a family of four costs some \$2,000, with food, hotel accommodations and entertainment extra.

However, in contest blanks available at local stores, a leading toothpaste is offering a way to put any place on the globe within the reach of any family. Top prizes being offered in four weekly contests during the month of May to find a name for the little girl cartoon character that appears in Pepsodent advertising, are four jet stream airline trips to any place in the world for a family of four, plus five thousand dollars pocket money. Entertaining winning contestants can even manage a trip around the world by naming a halfway point as their destination.

Y.R.O. News—

The Youth Recreational Organization is for adults interested in children's activities. New members are always welcome, or anyone with any suggestions.

Cub Pack No. 8 News—
The Pack was well represented in the Memorial Day parade which was held in Salem this year. Past Cub Master George Lebangoood and Asst. Cub Master Bill Couch joined in the parade along with the following den mothers: Pearl Grumbeck, Elaine Grumbeck, Arbutus Buening, Rita Schmidt and Lorraine Dragon. Victor Grumbeck took movies of the parade which will be shown at one of the future Cub Pack meetings.

June 5 at 7 p. m., Cub Pack No. 8, will give a roller skating party at Rolling Wheels Roller Rink at Twin Lakes. All Cub Scouts and Brownies and their families and friends are invited. Admission is free; there is a rental fee for skates.

Brownie Troop No. 147 News—

During the summer, each patrol is doing something different. They are having cookouts, and working with square knots, clove hitches and

troop dramatics. All the Brownies are looking forward to Day Camp.

Sawisco Jr. Rifle Club News—

Registration for new members is closed until further notice. More new members are: Robert Burton, Janice Weisman, Walter Richard

Lusczak and Paul Schindel.

Due to the bad weather, there was no shooting on the outdoor range.

The members worked with Bill Couch on the indoor range, getting it ready for use in the bad weather and winter.

How many of these electric helpers
have you added since 1947?... asks LITTLE BILL

You're an average family if—
in the postwar years you've
added six new electrical ap-
pliances. Shown here are a
few typical examples.

This, of course, is why
you're using far more elec-
tricity nowadays than you
did just a few years ago. And
why life is a lot easier and
more comfortable. But the
surprising thing is, that of
all the things you buy today,
electricity has gone up less
than almost anything else.
So, while your bill may be
a little higher, electricity is
actually doing nearly twice
as much work for the money
now as it did years ago.

See how little it costs to run
each of these electric helpers.

a—Your refrigerator—3¢
a day. Keeps foods fresh
as well as frozen.

b—An electric range—
7¢ a day. (That's all it
costs to cook 3 complete
meals for an average
family.)

c—Waste disposer—
only 1¢ a week. Ends
garbage smell and nu-
isance for good.

d—Automatic dish-
washer—1½¢ a load.
Washes and dries dishes
sparkling clean.

e—Electric mixer—for
just 2¢ it will whip up
12 cakes and frosting,
too.

f—An electric clock—1¢
a week. Keeps time ac-
curately and inexpen-
sively.

"Electricity costs less today, you know
than it did 25 years ago!"

Public Service Company

Yesterdays

Taken from the Antioch News
May 29, 1953

For the convenience of summer residents and local business firms, the First National Bank will be open Saturday evenings from 7 to 8:30 o'clock starting Saturday night of this week and during the months of June, July and August, officials of that institution announced today.

In former years the public has found banking a great inconvenience and the announcement made today by the First National will no doubt meet with universal approval.

Girls of the Home Economics classes of the high school will present a style show next Monday morning at 10 o'clock in the auditorium modeling garments which they have made themselves. Dresses made of batiste, voile, pique, gingham, pongee and flat crepe will be included in the collection. Costs of making the cotton dresses averaged \$1.50, according to Mrs. Ruby Richey, home economics teacher. Silk dresses varied in cost, ranging from \$3 to \$5, she said. Included among the cotton dresses made this year is a gingham formal.

ANTIOCH SEEKS TO RETAIN MAIL ROUTE

Possibility of the loss of one of Antioch's rural mail routes is expected to be sufficient incentive to bring out a large gathering of business men to the Chamber of Commerce tomorrow night at the village hall at 8 o'clock, according to President Fred Swanson, who called the special meeting to consider several matters of vital importance to the community.

The procedure of depriving Antioch of Rural Route No. 3 would involve a Lake Villa Route and the two remaining routes, according to Postmaster Lottie Jones, who conferred with a postoffice department official regarding the matter. As an economy measure, the department seeks to avoid replacements where vacancies through resignations occur, according to Miss Jones, and the resignation of Homer Winch, two months ago, set department officials devising a way to consolidate Antioch and Lake Villa routes. By adding considerable mileage to Lake Villa Route 2, making a total of 54 miles and making Antioch routes 1 and 2 each 39 miles, Winch's route would be taken care of without another appointment to replace him. This arrangement would deprive Antioch of a large patronage to the south and possibly, through loss of revenue, reduce the local postoffice to third class.

The project of advertising the Lotus of Grass Lake, to attract Century of Progress visitors to the local region of lakes, was brought to the attention of the Chamber of Commerce this week by officials of the recently formed Grass Lake Lotus Association.

Grass Lake, one of the three known beds of oriental lotus, is the largest in the world, and this year visitors from all states of the union and many from foreign countries are

expected to make sight-seeing trips to Grass Lake. The Association plans signs and advertising to direct visitors to Antioch, "Hub of the Lake Region" and to the famous lotus beds of Grass Lake.

Graduates of ten grade schools in Antioch Township will be awarded certificates in the annual exercises to be held at Antioch High School Auditorium Friday night at 8:30 o'clock D.S.T. American Legion medals, annually awarded to a boy and girl from the Antioch Grade School graduating class, will be made to Winifred King and Harvey Miller that evening. The award, offered annually by Antioch Post No. 748, is based on the qualities of leadership, citizenship, scholarship, service and character. Hugh Galbraith, citizenship chairman of the Legion, will present the medals.

High school students who are absent because of illness are Alice Nielsen who has mastoid, Irene Crawford who is sick with measles, and Dorothy Ferris.

W. C. Petty, County Superintendent of Schools, is scheduled to speak at graduation exercises every night this week.

A bright colored piece of costume jewelry from Marianne's is an ideal graduation gift.

A buffet supper was given at the home of Mrs. Robert Wilton Tuesday night by the evening Bridge Club as the last party of the year. Prizes at bridge, which was played following the supper, were won by Miss Isabelle Harwood, Miss Cornelia Roberts and Miss Mildred Byrnes.

John Horan, selected as a delegate from the Antioch Firemen's Association to the Firemen's College at Urbana next month, will be chairman of the meeting the second day. The meeting will be held at the U. of Ill. June 20 through June 23.

Taken from the Antioch News
May 29, 1947

Local persons or firms interested in obtaining the contract to haul students of Antioch Township High School next year are invited to bid, T. R. Birkhead, principal, announced today.

Bids will be received at a meeting of the school board on June 4, Birkhead said, and he said also that he would be glad to furnish information on transportation needs.

When the school first planned to buy busses, it considered the need of three vehicles making two round trips daily, but this setup might not be needed, it was said.

The board has decided to hire transportation for the students until such time as equipment and garage building costs come down.

The Antioch Boys Club softball team will play its first game of the season at 7:30 p. m. Monday, when it meets the Johnson Motors team of Waukegan, according to Emil Risch, manager.

The game will be played under lights at the Antioch Township

High School grounds. The Antioch team is composed of boys from 14 to 18 years of age. The lineup is not yet ready, Risch announced.

Antioch was host to the Lake County Firemen's annual convention Monday and ideal weather helped to make the event an outstanding success.

More than 300 firemen from the 28 departments in Lake County and a few from neighboring organizations in McHenry and Kenosha counties were registered during the afternoon and evening.

The big parade at 1 p. m. was headed by John DePew of the Illinois Safety division, followed by colors, old time firemen, city and village officials. Trucks were entered by Round Lake, Bonnie Brook, Libertyville, Grayslake, Fox Lake, Lake Villa and Antioch departments.

The curtain will drop tonight on four years of high school training for 70 Antioch Township High School students in graduation exercises at the school gymnasium.

Lieut. James C. Whittaker, of Eddie Rickenbacker's raft fame, will be the speaker, taking for his subject "We Thought We Heard the Angels Sing."

Lieut. Whittaker was played by Lloyd Nolan in the movie, "Captain Eddie" and many Antioch persons are acquainted with Whittaker's experience in the Pacific, where seven of eight men, of whom he was one, were rescued. Adrift in tiny rubber rafts, with no food for three weeks, the men, before their rescue,

PREMIER'S FAN-AIR SYSTEM HEATS YOUR HOME Like Magic

Lake County Heating
384 Lake St. Phone Antioch 113

developed a firm faith in God. This is the story the speaker will tell in detail, applying it to the lives of the young graduates.

Principal T. R. Birkhead will introduce the speaker and Walter K. Hills, president of the school board, will present the diplomas.

The program will include the professional by the Rev. E. W. Strauser; the song "All Through the Night," by the boys chorus, and Schubert's "The Unfinished Symphony," played by the band.

The baccalaureate service was held Sunday evening at the school auditorium. The Rev. L. H. Messersmith presented the idea to the graduates that in life they must start where they are and must find opportunities around them and near them. Music was furnished by Hans Von Holwede.

Frederick J. Zilke, of Evanston, formerly of Antioch, and Miss Florence Johnson, daughter of Mr. and

Mrs. Carl Johnson of Evanston, will exchange vows of marriage at 3:30 p. m. Monday at the Hemenway Methodist Church in that city. Al Pedersen, Antioch, will serve as best man and Robert Pedersen, also of Antioch, will usher.

The Sand Lake School, of which Mrs. George Garland was teacher, picked Sunday at Fox River

Park. Parents of the children presented Mrs. Garland a table lamp as a gift of appreciation at the end of four years of teaching. She will teach the sixth grade in Antioch next year.

Mrs. Harold D. Gaston left Monday for a three weeks vacation to New York, where she will visit her parents, Mr. and Mrs. William Ernst.

Lindenhurst

Mrs. John Selzer, Correspondent
Telephone ELiot 6-1172

Lindenhurst Garden club held its meeting at the Men's Club house May 26 with a good attendance. After the business session, two interesting articles were read by the club president, Helen Skelton, on "Summer Care of Roses" and "Six Steps to Evergreen Beauty." Mr. Alfred Sokolies, local nurseryman, conducted the question and answer session which is always informative. Plans were discussed for the forthcoming annual flower show to be held at the Men's Club house Sunday afternoon, August 10. Bernice Frontzak, committee chairman, has ten members helping with the plans. Those helping the chairman are: Vivian Fidanzo, Lois Flanagan, Esther LaChance, Lois Ringsteyer, Mary Zanck, Shirley Mertes, Carol Langager, Esther Sokup, Evelyn Gilliland, and Helen Gusk.

Mrs. Zennia Neumann and Mrs. Dorothy Verdick were awarded prizes for their beautiful bouquets of tulips and lilacs.

The Garden Club will meet the second and fourth Mondays during the summer months and the next meeting will be June 9. This will be a special meeting to celebrate the first year of the club. Picture slides that have been taken during the past year will be shown. Membership is always open. A social hour was enjoyed by all present after the meeting.

The Ladies' Canasta club met in the home of Mrs. Boynton Wednesday, May 28, for a farewell party for Mrs. Caroline Owens who upon arrival of her husband from the U. S. Navy will leave for Jacksonville, Fla., to make their home. A gift from all the girls was presented to the guest of honor, after which the hostess served some delectable refreshments.

A hearty welcome is wished to Mr. and Mrs. Clarence Tracy and family on Old Elm road, who are newcomers to the village.

A speedy recovery is wished for Dominic Guido, Briar lane, who is in St. Therese hospital following an automobile accident early Friday morning, May 30, in which he was badly injured.

Memorial Day week-end visitors in the home of Mr. and Mrs. Ray Caldwell and family were his mother, Mrs. Julia Caldwell, sister, Mrs. Jean Doris and children, Ellen and Steve and Miss Dolly Edwards, from Coldwater, Michigan.

Janet Lynn Graves was guest of honor at her birthday party on Memorial Day, May 30. A birthday cake with seven candles was the main attraction. The boys and girls who joined in on the fun were Ricky, Johnny and Susan Graves, Terri and Karen Walsh, Timmy Downs, David and Danny Risk and Linda Hunt. Linda was five years old on May 28, and was surprised with a birthday cake also. Games were played, with everyone a winner.

After the federal census for the village was completed Friday, May 23, a luncheon was given by Mrs. George Skelton, one of the enumerators. Enjoying the occasion were Mrs. Julian DeSomers, Mrs. Raymond Caldwell and daughter, Julie, B. J. Fitzgerald, special census supervisor from the regional office in Chicago.

The Lindenhurst Men's club will meet this (Thursday) evening.

Sunday visitors in the Clarence Kieffner home for a birthday party for son, Chuckie who was two years

old, were Mr. and Mrs. Vito Greco and children, Susan and Michael, Chicago, Mr. and Mrs. Dan Comano and children, David, Jeffrey and Susan from Wonder Lake.

A week-end visitor in the home of Mr. and Mrs. Clyde Risk and family was Mrs. Risk's father, Frank Bocian, Chicago.

Week-end visitors to celebrate the graduation of Bill Brendel Sunday in Prince of Peace school, Lake Villa, were Helen Root, Joe Downs, Bill Brendel, Tom Ivan, Jack Selzer, and Barbara Kirby.

Memorial Day visitors in the Fred LaChance home were Mr. and Mrs. William LaChance and son, Mr. and Mrs. Al Dembrowski and Miss Louise Barthel.

Mr. and Mrs. Tom Hay celebrated their daughter, Sandra's graduation with forty relatives and friends.

Linda Hunt was guest of honor at a birthday dinner Sunday, in honor of her fifth birthday. Those helping her celebrate were Mr. and Mrs. F. Hunt and children David, Billy and Sheila, from Maywood.

Week-end guest in the home of Mr. and Mrs. Hank Nauer, Beck rd., was Mrs. Nauer's sister, Miss Ursula Hanczuk.

Mr. and Mrs. John Molitor, Sr., of Lake City, Iowa, and Mrs. John Molitor, Jr., and son Randy, of Coon Rapids, Iowa, were visitors this past week in the home of Mr. and Mrs.

John Selzer. They were here for their grandson's and nephew's graduation from Prince of Peace School, John Peter Selzer. Also on Sunday Allen Molitor and George Ashford of Skokie and Keith Daley of Chicago were supper guests. The supper honored John's graduation.

Week-end visitors in the home of Mr. and Mrs. John Gibbons and Mr. and Mrs. Martin Gibbons were Mr. and Mrs. Roy Atchey and son, Chicago.

Mrs. John Walsh and children spent Sunday visiting in the home of her brother, Mr. and Mrs. Thomas Palma and family.

Jerry Ivan celebrated his 12th birthday June 1 with a family party.

The boys and girls graduating from Lake Villa Grade School were Carol Plotzke, Mary Ploss, Jackie McGary, Sandra Hay, John Menning, Toby Henry, Phil Fabry, Mary Lou Wells, Lorraine Goodenough, Brian Majewski, John Speigler, Ray Partipillo, Phyllis Sheppard, Mickey Fidanzo, and Rolf Westberg.

When it is necessary to hitch tractors together to get ample power, attach an old tire casing between the length of chains. The casing cushions sudden jolts that might otherwise occur, breaking chains or causing damage to tractor or machinery.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. Antioch 583-W-2

The Eighth Grade Graduation exercises were held in Gurnee High school Tuesday evening, May 27. The four Hickory School graduates were Clifford White, Douglas Stewart, Archie Freeman and Phyllis Freeman.

Hickory school closed on Thursday with a picnic at Fox River Grove. Newport Community school closed on Monday, June 2, with a picnic at the school grounds.

Mr. and Mrs. George Thompson of Gurnee were Wednesday evening callers at the Will Thompson home.

Mr. and Mrs. William Hallada and daughter, Harriet from Port Washington spent the week end at the H. A. Tillotson home.

Mr. and Mrs. John Van Slochteren from Trevor, Wis., were Saturday evening callers at the Richard Wells home.

Miss Judith Sheehan graduated from Antioch High school Thursday evening. Her parents, Mr. and Mrs. Joe Sheehan, gave a party in her honor at their home that same evening, with about 35 relatives present.

Mrs. Frank Edwards and her mother, Mrs. J. Kaluf, of Millburn were Thursday dinner guests at the Will Thompson home.

Richard and Donald Stoneberg enjoyed a three day week-end trip to Eau Claire, Wis. Their grandmother, Mrs. Mell Mishler, returned with them Sunday for a visit.

Mr. and Mrs. Wayne Finkel of Frankfort, Ind., spent the holiday week-end at the Oscar Finkel home.

Mrs. Annie Oberst of Chicago is visiting her sister, Mrs. William Richards, this week.

Mr. and Mrs. Bert Edwards accompanied Mr. and Mrs. Robert Tay-

lor and sons to Rockford on Decoration Day where they visited the Ward Edwards family.

Saturday afternoon callers at the Will Thompson home were Mr. and Mrs. William Hallada of Port Washington.

Mr. and Mrs. George McNeil of Kenosha were Sunday afternoon callers at the Fred Leable home.

Wilbur Hunter visited Eddie Van Patten in Victory Memorial hospital Tuesday afternoon of last week.

Brome grass is the best grass pasture for dairy heifers. Kentucky Experiment Station results showed that brome grass put the most weight on animals in a five-month test. Orchard grass ranked second in the test.

Fasten a safety pin in the lining of your purse near the top and clip your fountain pen into it. The pen is always easy to find and the right end is up to prevent leaking.

A.T.H.S. 1933 Class Plans Reunion Aug. 23 At Smart's C. House

Invitations have been sent to members of the graduation class of 1933 of Antioch Township High school to attend a reunion and 6:30 dinner Saturday evening, Aug. 23, at Smart's Country House.

It will be the first time the members have been called together in the 25 years since graduation.

There were 42 members in the class and all have been contacted with the exception of four, who are: Edward Maly, Grace Jacobs, Carl Haase, and Spiro Kashevous. Any information is still wanted as to the whereabouts of these people. All the teachers have been contacted with the exception of Fred Hackett.

The committee in charge comprises: Bill Brook, Harold Nelson, June Allner Schneider, Bernice Risch Clark, and Wilma Musch Gibbs.

Letters went to various states including Ohio, California, Arizona, Indiana, Iowa, and Illinois.

Miss Alice Smith and Mr. Gerald Reed were the class advisers. Miss Smith is a resident of Antioch and Mr. Reed has been located in Oshkosh, Wis., where he is on the teaching staff of the Wisconsin State College.

TREVOR

(Mrs. Grace Miller, Correspondent)
Tel. Underhill 2-3059

The long awaited rain came on Friday night and Saturday and was general throughout the neighboring states.

Mrs. Grace Measure from England arrived last week at the home of her sister, Mrs. Nel Runyard.

Residents of Rock Lake subdivision held their annual business meeting at Social Center hall last week.

Mr. and Mrs. Lester Sheen entertained friends and relatives on Wednesday evening in honor of their son, Jim's graduation from Wilnot High school.

Mr. and Mrs. Alvin Moran and grandchildren, Penny and Freddie Pagel, spent the week-end at their cabin in Stone Lake, Wis. Mr. and Mrs. Frank Moran and Mr. and Mrs. Bob Kohlmann also spent the holiday there.

The Rev. and Mrs. Franklin Swanson, Franklin, Jr., and Barbara from Madison, Wis., visited over the Memorial holidays with Mrs. Grace Miller and other relatives.

Mr. and Mrs. Arthur May and daughter, Virginia, from Madison, Wis., motored to Nick Marchuk's resort, Camp Lake, on Saturday where an Oetting-Bushing picnic was enjoyed by 40 relatives.

Mrs. Laura Anderson and son, Charles, from Antioch spent Sunday evening with Mrs. Annie Smith.

Mrs. George Wilen, Miss Mary Sheen and Mrs. Grace Miller were Kenosha shoppers on Wednesday afternoon.

Mr. and Mrs. Edward Olsen, Joyce and Gene, from Bristol, were callers at the George Nelson home on Friday.

Major and Mrs. Gerald, Runyard and son, Stephen, from Rapid City, S. Dak., are visiting at his mother's home with Mrs. Nel Runyard and son, Wilson.

Mr. and Mrs. Henry Prange entertained on Wednesday evening for their son, Charles, who graduated from Wilnot High school.

Trust in the Lord, and do good; so shalt thou dwell in the land, and verily thou shalt be fed.—(Psalm 37, 3.)

Those who really trust in God's love and wisdom, His kindness and mercy, are spared the fearful worry and anxiety that agonize and shorten the lives of so many of us. In love and in obedience to His will, they do the very best they can each day, and leave the results to Him.

Children's Day will be observed at the Millburn Congregational church Sunday morning, June 8, at 10 p. m.

The Devotional Study group will meet at the home of Mrs. Caroline Whipple Thursday morning, June 12, at 9 a. m.

The June committee of the Ladies Aid served a cafeteria dinner at the church this (Thursday) noon. Members of the committee were Mrs. L. H. Messersmith, chairman; Mrs. T. Harness, Mrs. Chalmers Woolle, Mrs. Kenneth Denman, Mrs. Richard Dusault, Mrs. Frank DeYoung, Mrs. Clayton Engh and Mrs. Ernest Wells. The regular meeting of the society was held in the church parlors at 1:30 p. m. Mrs. Verlon Groves was in charge of devotions and the program was under the direction of Mrs. Lyman Thain.

Miss Delores Davis, daughter of Mr. and Mrs. James Davis, and John Brausch of Grayslake were united in marriage Saturday afternoon at the Millburn Congregational church by the Rev. L. H. Messersmith and Rev. Stephen Liddicoat of Grayslake. A reception followed in the church dining room.

The Millburn Grade school postponed their picnic until Sunday, June 8, at the school house at 12 o'clock. Please bring dish to pass and your own table service.

Mrs. Florence Welch of Gurnee was a luncheon guest of Mrs. Charles Lucas Monday.

Memorial Day services were held at the Millburn cemetery Memorial Day afternoon. The Rev. Gerald Robinson of Lake Villa was the speaker. Mr. and Mrs. William Paulsen will be in charge of the program next year.

Mrs. Eva Alling of Waukegan was a caller at the home of Mrs. Frank Edwards Friday afternoon.

Mr. and Mrs. Glen Hauser and son, Kevin, of Hickory spent Sunday afternoon at the Frank Hauser home.

Guests at the home of Mrs. William Paulsen Wednesday, May 28, in honor of her son, Paul's sixth birthday were Mrs. Edward Bliss and children of Bellwood and Mrs. Herman Martins and children of Bellwood, Mrs. Roy Bonner and son, Stephen, and Mrs. Don Truax and daughter, Donna.

Mrs. Lyman Bonner and daughters, Nancy and Kathy, were supper guests at the Leo Stanczak home in Waukegan Memorial Day.

Mr. and Mrs. Herbert Graham visited Mrs. Eugene Graham at the

hospital in Madison, Wis., Friday and Sunday.

Mrs. Frank Edwards and Mrs. J. Kalut spent Thursday with Mr. and Mrs. William Thompson of Hickory.

The Mylo club held its annual mother-daughter tea at the church Tuesday evening, May 27. Mrs. Hays of Antioch demonstrated china painting, which the group enjoyed very much.

Mr. and Mrs. John Edwards and family of Libertyville were supper guests at the home of Mrs. Frank Edwards Sunday.

H. I. F. Reports Changes In Hospital Use

NEW YORK, N. Y.—The average American is more likely to use hospital services nowadays than ever before—but he probably won't stay so long, once in the hospital.

Health Information Foundation pointed this out today in its monthly statistical bulletin, Progress in Health Services.

Within the last two decades, the Foundation reported, the admission rate to general hospitals in this country more than doubled—from 59 per 1,000 population in 1935 to 129 per 1,000 in 1956. During the same period, however, the average length of stay per patient declined from 15.0 days per admission to 9.7 days.

The Foundation cited two main reasons for the rise in hospital utilization: (1) Ever-larger proportions of the seriously ill are receiving treatment in hospitals. (2) Doctors are relying more and more on highly specialized hospital facilities for diagnostic purposes and health maintenance.

Most of the increase in hospital use since 1935 can be traced to general hospitals. Utilization of mental hospitals has also increased since the mid-thirties, but less sharply. In the last few years, because of new drugs and other therapeutic advances, utilization has actually dropped in both mental and tuberculosis hospitals.

But mental illness is still the major cause of hospitalization in this country, the Foundation stated. Not only do psychiatric hospitals account for more than half of all patient-days, but many beds in other types of hospitals are reserved for psychiatric patients.

According to an American Medical Association study quoted by H. I. F., about one million patients a year are hospitalized for cardiac disease, 720,000 for fractures, and \$85,000 for cancer. About 8 million admissions a year, two-fifths of the total, are for surgery.

Annual admissions to hospitals

for maternity care increased by almost five times from 1935 to 1956—from 800,000 live births in hospitals to over 3.8 million. But since the average length of stay per confinement has declined (from 10.8 days in 1946 to 5.2 days in 1956) the impact of obstetrical changes on the total rise in hospital use has been relatively small.

"Hospitals are an integral part of day-to-day living in America," said George Bugbee, Foundation president. "In many cases hospitalization encourages safer, more complete medical treatment; eases worry for the patient; is more convenient for both the patient and his family; and, in the long run, may even be less expensive than care in the home."

"If recent experience is any indication, future standards will call for higher rather than lower utilization rates. Hospital insurance, by making services more convenient to pay for, has encouraged generous use of hospital service. There is every indication that the American public wants this kind of service, and is willing to pay for it."

Rural residents are admitted to hospitals more often than urban residents, according to Health Information Foundation. But city dwellers, once admitted to hospitals, generally require a longer stay.

SAFETY — WHEN YOU MOVE

When the time comes to move to a new location, be sure to look over your new neighborhood carefully for the safety of your family. Check for ponds, wells, barbed or picket fences and the like where children can get into trouble. Look at the traffic situation on your street, observe the fire and police protection, and the fire safety of the new home. Provide a safe place for your children to play and grow up.
